

Dear Mr. Haas:

Please find attached my written public comment for the 12/21/2021 meeting of the Legislative Commission.

Thank you.

Dr. Kent M. Ervin

State President, Nevada Faculty Alliance

NEVADA FACULTY ALLIANCE

840 S. Rancho Dr., Suite 4-571
Las Vegas, Nevada 89106

Date: December 19, 2021

To: Legislative Commission

From: Kent Ervin, State President, Nevada Faculty Alliance, kent.ervin@nevadafacultyalliance.org

Subject: Early Review of Regulation R069-21 (Agenda item IV.C, 12/21/2021)

On behalf of the Nevada Faculty Alliance, I urge you to approve the early review of the Nevada State Board of Health permanent regulation R069-21, which extends their emergency regulation requiring vaccination against COVID-19 for students of the colleges and universities of the Nevada System of Higher Education. Our understanding is that the review by the Legislative Commission is to affirm that the Board of Health is acting within its statutory authority. The Board of Health has long mandated immunizations for university students for a variety of communicable diseases (e.g., measles, mumps, tetanus, and diphtheria) and this has been uncontroversial. It is clearly within the Board of Health's statutory authority to set, based on the appointed member's medical and public health expertise, the student vaccination requirements for COVID-19 along with all of the standard immunizations for college students.

Early review by the Legislative Commission is needed now because the Board of Health emergency regulation, which they enacted on August 20, expires 120 days after it was submitted to the Secretary of State. The COVID-19 vaccine mandate for students has been fully implemented as a requirement for registration for the Spring 2021 term—allowing it to lapse shortly before classes begin would create widespread disruption and confusion. Also, the Board of Regents followed the Board of Health by extending the COVID-19 vaccine mandate to NSHE employees, and that is currently being implemented with a December 31 deadline and grace period in January.

The Nevada Faculty Alliance has [strongly advocated](#) for vaccinations for students, faculty, and staff along with other safety measures to allow us to return to in-person instruction after largely-remote operations from March 2020 through the Spring 2021 semester. The vast majority of faculty and students agree with the vaccination requirement, with the exemptions for medical and religious reasons, and indeed most have already complied. As of 12/13/2021, 97% of NSHE employees were vaccinated or had approved exemptions, and Spring enrollment is proceeding at normal numbers. We need to finish the process. We lost students during the period of remote operations and partial reopening, but students and faculty want to come back to safer in-person classes after winter break—and fully vaccinated campuses are the best way to ensure that we don't have to go back to remote operations during a new wave.

Thank you for your consideration and for your service during the legislative interim.

###

The [Nevada Faculty Alliance](#) is the independent statewide association of faculty members at the colleges and universities of the [Nevada System of Higher Education](#). The NFA is affiliated with the [American Association of University Professors](#), which advocates for academic freedom, shared governance, and faculty rights. The NFA works to empower faculty to be wholly engaged in our mission to help students succeed.

Dear Mr. Haas,

On behalf of the Nevada Faculty Alliance and the 1273 signatories, I am submitting the attached petition as a public comment/exhibit for the December 21 meeting of the Legislative Commission, for agenda item IV.C (R069-21). The petition is in support of the COVID vaccination requirement for NSHE students established by the Nevada State Board of Health.

Thank you very much.

Kent Ervin

Dr. Kent M. Ervin

State President, Nevada Faculty Alliance

Members of the NSHE Community Petition for a Safe Fall Semester

Open [petition](#) sponsored by the Nevada Faculty Alliance (www.NevadaFacultyAlliance.org), with signatures submitted by 1273 NSHE faculty, staff, students, and family members listed below (August/September 2021).

To the members of the Nevada State Board of Health, the NSHE Board of Regents, Chancellor Melody Rose, and institutional Presidents:

- Full in-person instruction resumes at the colleges and universities of the Nevada System of Higher Education (NSHE) in August 2021 for the Fall semester.
- The shared goals of faculty, students, and the NSHE administration are to teach in-person in a safe manner and to avoid another transition to remote instruction due to the pandemic.
- The coronavirus delta variant has surged in Nevada leading to renewed indoor mask requirements for businesses and on NSHE campuses.
- Widespread vaccination is the most effective way to prevent serious illness and reduce transmission from all current variants of the coronavirus. The available vaccines are remarkably safe and effective.
- Over 650 [1123 as of 12/17/2021] as of universities and colleges nationally (<https://bit.ly/3Ck5kFH>), including large public education systems in many states experiencing lower transmission rates, are implementing mandatory vaccinations for students and/or faculty and staff, many under the Emergency Use Authorization without waiting for full FDA approval.
- Governor Sisolak has ordered state employees including NSHE faculty and staff to show proof of vaccination or else undergo weekly COVID testing (<https://bit.ly/2VspFlr>).
- As part of their employment duties, faculty and staff work with the much larger number of students in close quarters where social distancing is difficult and often impossible.
- Although faculty and staff will all be vaccinated (or tested weekly), the vaccine is not 100% effective, nor are masks, so the presence of unvaccinated students on campus, even if masked, will result in an entirely preventable transmission of this deadly disease from students to other students, faculty, and staff.
- The current spread of the delta variant has been described by the CDC as a pandemic of the unvaccinated (<https://bit.ly/37kKfwG>).
- Students tend to be in age groups with lower vaccinations rates (<https://bit.ly/2VAfRvP>).
- NSHE students are already required to show proof of immunizations for other diseases as a preventive public health measure (with exemptions for bona fide medical or religious reasons).
- Chancellor Rose issued a statement on May 6, 2021, indicating that NSHE was planning for mandatory vaccinations and that "NSHE is asking all students and their families to be

prepared for this possibility.” (<https://bit.ly/3rTYd2a>)

- Full FDA approval of the Pfizer vaccine is reportedly expected imminently, within weeks.
- On August 2, 2021, NSHE legal counsel advised that only the State Board of Health is authorized to require vaccinations for NSHE university students. (<https://bit.ly/2VmaAbw>)

We, the undersigned members of the NSHE community, respectfully request the Nevada State Board of Health to consider mandatory vaccinations for college and university students based on sound medical evidence and to issue emergency regulations giving guidance and authorization to NSHE. We further request that NSHE and its institutions implement strong proven measures against the further spread of COVID-19 including mandatory student vaccinations until the community public health risk has subsided.
