

Nevada Legislative Commission,

You have an opportunity to stop the Secretary of State Proposed Election Regulations from being enacted by the Legislative Commission. If the six Republicans stand together and vote NO, the proposed Regulations are dead! There is no provision to break a tie vote.

AB 321 is a radical leftist Democrat Election Law to forever cheat and steal Nevada elections. These proposed regulations will further fine tune Nevada's leftist radical Democrat Election law, AB 321. We The People ask our Republican Representatives to "Just vote No!"
