**Subject:** Oppose Appointed School Board Members  
**Date:** Tuesday, August 9, 2022 6:58:10 AM

---

Please oppose the appointing of school board members rather than being duly elected by their respective communities.

Parents and taxpayers of this state should continue to be able to vote for the people who direct the education of their children and grandchildren since one of the largest portions on our property tax bill goes to the schools. Parents should be able to have balanced input into the education of their children.

Elected officials can be held accountable to their constituents. Appointed officials cannot. Our tax money goes to the schools, therefore, we should be able to be involved in the election of people who will serve the parents, not be appointed by some crony in government who has an agenda or owes a favor.

Sincerely,  
Larry and Karen Bolin  
Sparks, NV 89431
