Dear Chair Miller, Committee Members. and Staff,

I am Niadra Lemons one of 26,000 Nevada voters supporting the Convention of States resolution. Chair Miller, I encourage you and the Committee members to consider submitting a resolution BDR for potential debate in the 2023 session. A copy of the proposed COS resolution can be found here: <https://conventionofstates.us8.list-manage.com/track/click?u=3a21cd3d06284c105dbd92fee&id=0cc2fd9e44&e=c40a568fed>

I have never followed politics until now. I have watched this country be run into the ground and I felt compelled to do something. I think of my adult children and my grandchildren and this is not what I want to leave for them to live with. I can't stand by and watch it happen any longer. So I am getting involved and I found the COS action and I did my research on the organization and I feel that this is the best course of action to take so that my voice, and those of future generations can be heard. The federal government is out of control. Elected and appointed officials along with their bureaucrats are ruining this great country. It gets worse every day with major issues facing America such as inflation, poor education, crime, corruption, divisive policies, and a neglected southern border controlled by criminal cartels.

An Article V Convention of States is the constitutional method to rein in an authoritarian federal government. When liberty is threatened by federal tyranny, it is ultimately the obligation of citizens and elected state representatives to utilize Article V to address threats to life, liberty, and the pursuit of happiness.

Thank you for your service to the citizens of Nevada and for the opportunity to record my comments. Please give us, the citizens of Nevada, a chance to be heard.

Sincerely,  
Niadra Lemons
