Re: Request for information

Dear Senator Harris,

As a result of the assignment provided by you at our last Technical Advisory Committee meeting, we were tasked with developing a presentation, for the next Technical Advisory Committee meeting, to address the specific topic of equity funding as it relates to the community that we represent.

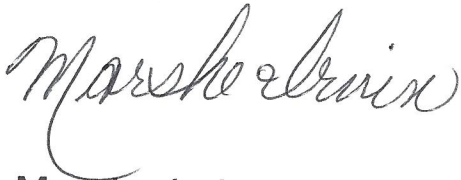

In order to prepare, for the presentation, our subcommittee met and respectfully requests the following information from the Clark County School District, on or before January 22, 2016. Please have the District provide:

1. A list of K-12 schools with 20% or higher of African-American students in rank order from highest percentage to lowest.
2. A breakdown of the numbers of licensed teachers and substitute teachers for each CCSD K-12 school. If this can be provided in rank order, of highest numbers of licensed teachers to the lowest, it would be appreciated.
3. The total numbers of students, district-wide by ethnicity on Free and Reduced Lunch (FRL) with federal and general fund dollars spent by ethnicity.
4. Federal and general dollars spent, by subgroup, specifically ELL, FRL and IEP students and the numbers of students in each subgroup.

Once the information is compiled, it can be sent to me at mirvin6@cox.net. Should you have any questions, please contact me at 702-335-1525.

Thank you!

Sincerely,

A handwritten signature in cursive script that reads "Marsha Irvin". The signature is fluid and elegant, with a large, sweeping 'M' and a trailing flourish at the end.

Marsha Irvin
Vice-Chair
Technical Advisory Committee
