Date: Monday, February 5, 2024 2:24:14 PM

This was released July 2023. We were just visited by OSEP and we are awaiting their final report from their monitoring.

Charter schools are not bearing the responsibilities when they take on our Special Ability children. Many of our families are having to abandon even the public charter schools. This is data I have not seen collected or discussed.

No public money should go to Charters at all unless they are abiding by the Federal laws with regard to special education and ELL.
