**Public Comment on Agenda Item IV:**

John Schleifer, Deputy Executive Director  
Clark County Association of School Administrators &  
Professional Technical Employees (CCASAPE)  
for the record.

Principals rely on J-1 teachers in hard to staff areas such as special education.

Clark County Association of School Administrators &  
Professional Technical Employees is supportive of the Bill, as described by  
Assemblywoman Mosca, moving forward as a BDR during the upcoming legislative session.

Once again this Bill would help tremendously with staffing issues faced by site based principals.

John Schleifer, Deputy Executive Director  
Clark County Association of School Administrators &  
Professional Technical Employees
