You don't often get email from nicknunez526@gmail.com. [Learn why this is important](#)

I want coyote killing contests BANNED altogether because they're cruel and affect the balance of biodiversity not only that every living animal in this world doesn't deserve been hunt kill for fun like the man that caught the wolf took it with him around town and to a bar then kill it after can you imagine what the poor animal endure until his dead please take a moment and think about this all of you that have the ability to change this laws make laws to protect them instead thank you.
