My name is Scott Hoen and I am the elected Clerk Recorder for Carson City NV – I would recommend you reach out to our association that brings all 15 Clerks and 2 appointed Registrars together working elections. There is work to be done to clean up the election process in Nevada and you might want to learn about that or carry forward legislation working together with the Clerks – you would also have an opportunity to dig deeper into the election process and you might find that interesting.

With the Voter ID initiative on the ballot in November 26 for the second time – it is assumed the State will have to implement voter ID – what does that mean for in person voting – what about verification for mail ballots – the 2027 Legislature will have to create NRS to direct the Clerks on how they want that implemented – another good opportunity to have a voice.
