## **RCW 72.10.030**

### **Contracts for services.**

(1) Notwithstanding any other provisions of law, the secretary may enter into contracts with health care practitioners, health care facilities, and other entities or agents as may be necessary to provide medical, behavioral health, and chemical dependency treatment care to inmates. The contracts shall not cause the termination of classified employees of the department rendering the services at the time the contract is executed.

(2) In contracting for services, the secretary is authorized to provide for indemnification of health care practitioners who cannot obtain professional liability insurance through reasonable effort, from liability on any action, claim, or proceeding instituted against them arising out of the good faith performance or failure of performance of services on behalf of the department. The contracts may provide that for the purposes of chapter [4.92](#) RCW only, those health care practitioners with whom the department has contracted shall be considered state employees.

(3) Providers of hospital services that are hospitals licensed under chapter [70.41](#) RCW shall contract with the department for inpatient, outpatient, and ancillary services if deemed appropriate by the department. Payments to hospitals shall conform to the following requirements:

(b) The department shall reimburse the hospitals using the reimbursement methodology in use by the state medicaid program; and

(c) The department shall only reimburse a provider of hospital services to a hospital patient at a rate no more than the amount payable under the medicaid reimbursement structure plus a percentage increase that is determined in the operating budget, regardless of whether the hospital is located within or outside of Washington.
