**Subject:** FW: Self Assessment Results

**Importance:** High

Good Morning Assemblyman Hambrick,  
I just wanted to take a minute to follow up on our conversation yesterday. You had said something that is the motto that I follow "it is about the children" this is 100% correct and I work extremely hard to make sure that my children are my number one priority. Below are the results of the self assessment that my program under went in April. Yellow highlights how my program did and green is the expected standard that we should be achieving.

Thank you for taking time to read this.

Sally

All,

I just wanted to take a minute to share with you the results of the self assessment that we went through in April. Thank you so much for all of your hard work and dedication to our children and families it really shows based on how well we did ☺

I have highlighted the performance target that is expected from us from the State in green and in yellow is how we did.

Thank you again

Sally
