

Chairman Silberkraus and Members of the Legislative Committee on Energy,

Earlier today, Assemblywoman Diaz asked for the numbers of each category that have been installed through the Solar Thermal Demonstration Program. I have attached a chart to this e-mail which shows that the majority of the installations were in the residential category.

If I can provide any further information, please do not hesitate to contact me.

Respectfully,

Anne-Marie Cuneo,
Director of Regulatory Operations
Public Utilities Commission of Nevada
