

IN AN EMERGENCY, SECONDS COUNT.

The Nevada Yellow Dot program provides vital medical information to First Responders so they can issue the care you may need quickly.

NEVADA
YELLOWDOT

#yellowdotNV

AAA Nevada is a proud
Sponsor of Yellow Dot

"The Clark County Fire Department is very supportive of Yellow Dot. Getting vital medical information can be difficult in an emergency, and the injured need the right medical treatment performed rapidly. For firefighters this means time is of the essence."

- CCFD PIO, Deputy Fire Chief
Jeff Buchanan

How the Yellow Dot Program Works

- 1 Pick up your Yellow Dot Kit at a AAA branch location and get a free passport photo to use in your kit.
- 2 Your window decal alerts first responders to reference the Yellow Dot kit in your glove compartment.
- 3 The kit lists your name, emergency contacts, allergies or medical conditions, physician and preferred hospital (if any), and health insurance information. You can list similar information for passengers.
- 4 Affix your photo to the kit insert so that First Responders will have the vital medical information they need to quickly render the care you may need in a road emergency.

"The Yellow Dot program provides critical medical information in a flash when seconds can mean the difference between life and death."

-Tony Illia, Public Information Officer, NDOT
