Note: The population database is derived from the 2020 Census Public Law 94-171 Redistricting Data as provided by the U.S. Bureau of the Census and validated by the Legislative Counsel Bureau. These numbers have been revised for redistricting to reflect the reallocation of inmates to their last known residential address prior to incarceration, rather than the address of the facility in which they are incarcerated on Census day, pursuant to AB450 of the 2019 Legislative Session.

The elections and voter registration databases are not strictly comparable between election years due to issues of geographic and data comparability. This data is useful only for general, rather than specific, analysis of voting and registration trends.
