Clark and A's Stadium
Bill # ?

Chair and committee Members,

I am mostly opposed to this bill because we don't need another losing team in LV. It will be the most expensive, smallest stadium in the league.

I would be more open to a different location as there would be gridlock on the strip. Hotels could offer free transportation. It would need to use my hoverboard to get there.
Handicapped friendly?

If I could afford to get a row I wouldn't be able to afford the game.

Please oppose this spendy bill
Thank-you for listening.
