Subject: SB1 Opposition Testimony

Dear Committee Members:

My name is Mathilda Guerrero, Government Relations Director at Native Voters Alliance Nevada. We're in opposition of SB1.

In a nutshell, Nevadans should not be forced to play umpire for an out-of-state billionaire's ballpark dreams, especially when Southern Nevada already has a home run of a stadium. Let's not allow Mr. Fisher to turn Nevadan taxpayers' hard-earned cash into peanuts and Cracker Jacks.

Instead of backing an out-of-state billionaire's dream to build another ballpark, we're calling on this body to step up to the plate for Nevada's real needs. We're calling on this body to hit a home run for public education, mental health services, affordable housing, and healthcare equity. These are the causes that hit home for Nevadans.

We're calling on this body to not be swayed by the bright lights and the glamor of another shiny stadium. We urge this body to oppose SB1.

A hui hou,  
/s/ Mathilda Guerrero, MPPA
