2017 Nevada Lender Rankings

We have reviewed 23 Nevada payday loan lenders.

Our review of payday loans considers three areas: reputation, cost, and features. Reputation considers state licensing and Better Business Bureau scores. Cost is based on terms, fees, and rates. Features include things like credit reporting or fee transparency.

A listing in this table is not an endorsement. This table includes all lenders we have reviewed who offer loans to Nevada residents.

NV Lender	Description	Costs*	Sniff	Rating
	Direct lender online or at stores. Founding member of CFSA. Live chat. Governing Law: State Lic. see review	Loan Amt: Great \$300 APR: 652% Cost: \$75.00		Apply

Nevada Payday Loans Details

Nevada residents can choose from Nevada licensed, out-of-state licensed, tribal-based and foreign-based lenders for their payday loans.

The Payday Hound strongly prefers licensed payday lenders as the Nevada Financial Institutions Division evaluates, regulates, and monitors the payday loans made by these lenders. See [Nevada Payday Loan Laws](#) for more details on Nevada laws and regulations or [Payday Loans](#) for more general information.

Unlicensed payday lenders include tribe-based lenders, lenders licensed in other states, and foreign-based lenders. Tribal and out-of-state licensed payday lenders operate under the interpretation that they can export their tribe or state laws into Nevada and are required to adhere to federal lending laws but not Nevada regulations. Federal laws may be less restrictive and less frequently enforced. The final group of lenders is foreign-based payday loan lenders. They export their countries' laws into Nevada and are highly unregulated. See [How to Choose A Payday Loan](#) for more details.

The above is our understanding of how payday lending works in Nevada, but we are not a law firm. Please contact the [Nevada Financial Institutions Division](#) for more information.

The Payday Hound reviews payday lenders and ranks them according to our [Sniff Test](#) (reputation), costs, and licensing. The list below includes both regulated banks as well as off-shore entities. Being included on our list is not an endorsement or certification. The list is a ranking and is designed to help borrowers rate and judge the quality of lenders. This means it may include lenders we believe to be honest as well as those we would deem to be predatory.

**Disclaimer: We aim to keep our information accurate and updated, however we cannot make warranties regarding its accuracy. Please verify fees, interest rates, and other terms during the application process. The Payday Hound may be compensated if consumers choose to utilize some of the links located throughout the content on this site.*
