

SB177
Opposition Statement
Victoria

Hello,

It would be extremely detrimental to an already declining business to add more fees onto a marriage license. For those of us who do weddings everyday, every little bit of money helps towards keeping our business alive. Please consider adding \$2 onto car registration instead. As that's a much easier & larger group of people to target. Plus, we're Las Vegas & \$77 is kind of perfect for our city.

Please consider this with the utmost respect,

Victoria
