

SB177
Opposition Statement
Jennifer Davies
Licensed officiant in the State of Nevada

I would like to voice my opposition to SB177.

While I admire any efforts to intervene on the high rate of domestic violence in Nevada, I don't think the burden should be placed on the wedding industry and marriage licenses.

Money from marriage licenses is already generated for domestic violence prevention services (I believe it's currently \$25) and rightly so. However, I worry that the additional fees and costs for couples will prevent them from having their wedding in Las Vegas. The wedding industry already is steadily declining.

I hope that the needed funds for domestic violence prevention services can be generated somewhere else and not through marriage license fees.

Thanks for your attention. For the record, my address is 718 Holland Heights Ave, Las Vegas NV 89123.
