

SB 177 Testimony in support - Battle Born Progress  
2021 Nevada Legislative Session

Members of the committee,

My name is Maria-Teresa Liebermann-Parraga, representing Battle Born Progress, supporting SB177 and thanking Senator Julia Ratti for addressing this important issue. Domestic violence survivors risk everything, especially their lives when they escape their abusive situation. Many have NOTHING when they escape. The least we can do is help the services that help survivors escape, survive and thrive. We need to get to a place where a survivor will not be turned away due to a lack of beds or resources. Please support SB177. Thank you for your time.
