

I oppose SJR7

SJR7 uses lines:

- *Every individual has a fundamental right...*
- *The State's interest in protecting the health of an individual...*
- *Shall not penalize/prosecute or otherwise take adverse action against a provider of healthcare...*

According to SJR7 Every individual has a fundamental right except the baby person? The healthcare provider, abortion doctor all have rights and protections but not the baby person?

I have yet to see a bill that has provisions for the mental wellbeing of the mother after an abortion? Not many post viability professionals are talking about PASS Post Abortion Stress Syndrome?

Why is that Planned Parenthood and other similar organizations offer "counseling" before a woman has an abortion BUT no Mental Health care after an abortion? Veteran orgs, Law Enforcement and Fire Fighter groups are caring for their members offering Mental Health for those suffering PTSD, why not Planned Parenthood?

Did you know almost all religions value life? If you read the Bible you will quickly understand that Jesus placed a high importance on Women and Children.

NO on SJR7
