

Dear Senate Legislative Oper. & Elections Committee:  
03/22/23 SJR7

Please OPPOSE SJR7.

The fact that any protection is in place for the murder of a baby in the womb in this state or others is absolutely horrifying. What other criminal activities are going to start being accepted as normal? I not only oppose this bill but also all bills that give any legalization of abortion. Regardless of common modern knowledge, an abortion is the killing of an unborn child, at any stage. Therefore this bill allows for murder. How is murder a fundamental right? After the 1st trimester the fetus has formed as a person and is developing inner organs. This baby feels pain when it's being ripped apart by abortionists. This baby is in its mothers' womb and hasn't done anything wrong, yet there seems to be more protection for convicted criminals. This is due to the fact that even criminals on death row can't be executed because lethal injection is considered inhumane. How is abortion considered humane? This isn't reproductive rights, this is giving people a chance to kill an "inconvenient" baby without any legal repercussions. The fact is that if someone kills a pregnant woman and the baby is also killed, they are arrested for a double murder. Moreover, the way in which a baby is "disposed of" is extremely cruel. All the parties involved, the health care provider, an individual aiding, the mother and other people who are involved, are the ones who are being protected from criminal charges. Abortions should not be allowed. Vote NO on SJR7.
