

My name is Lisa Lynn Chapman. I am submitting my testimony in support of SJR7.

This Joint Resolution isn't just about abortion. It is about maintaining access to health care for everyone.

Nevadans support access to abortion and reproductive freedom. Since the Dobbs decision, we have watched 18 states restrict or ban abortion care. Nevada should continue to lead the preserving access to reproductive rights. These are medical decisions and not political decisions.

SJR7 continues the process of ensuring reproductive freedom with be permanent in Nevada, regardless of who holds the office of Governor or majority in the Nevada legislature. We will continue supporting measures like SJR7 that ensure abortion and other medical needs remain safe, legal and accessible in Nevada for anyone seeking to exercise their right to bodily autonomy and reproductive freedom in Nevada.
