Nevada Legislature

RE: Statement in Support of AB 38

To Members of the Committee:

On behalf of the Henderson Chamber of Commerce (HCC) an organization representing over 1,800 members throughout Southern Nevada, we are writing to express our support of AB 38 which would allow any money in the Workforce Innovation for a New Nevada Account be rolled over at the end of a fiscal year instead of reverting back to the General Fund.

As the funds in this account are allotted for a specific goal, which is to encourage workforce development and innovation, it is important to utilize this money in the most efficient and effective way possible. Reverting money back to the General Fund only incentivizes frivolous spending at the end of the fiscal year. Allowing funds to stay in the account will encourage prudent spending that will benefit the business community and the state.

The Henderson Chamber of Commerce strongly supports AB 38 as a common-sense solution to support work-force development. We look forward to working with you on this and other issues affecting small business.

Respectfully,
