

Assembly Bill 422—Proposed Conceptual Amendment

Prepared for the Assembly Committee on Health and Human Services

Submitted by Assemblywoman Michelle Gorelow

Revise Assembly Bill 422 by authorizing the Aging and Disability Services Division, Department of Health and Human Services, to initiate a pilot program through the Autism Treatment Assistance Program to provide evidence-based services and supports for children diagnosed with fetal alcohol spectrum disorders that would lend to the development of a service delivery model and program to address the unmet needs and service gaps. The pilot program is based on available funding from the American Rescue Plan Act of 2021 and ends no later than December 31, 2025.
