RE: Opposition to AB410

To Members of the Committee:

We are writing on behalf of the Henderson Chamber of Commerce (HCC) and our over 1,800 members, most of which are small businesses, to express our opposition to AB410.

HCC believes mental health should be a priority in the workplace, as any health concern should be. However, including any gradual mental stimulus and expanding what stress-related injuries may be compensable under industrial insurance is a slippery-slope and could potentially be ripe for fraud. For this reasons we are opposed to AB410.

Thank you to the Committee. We look forward to working with you on policies to benefit our members and the business community.

Thank you,
