Senate Committee on Legislative Operations and Elections
401 S. Carson St., Room 2149
Carson City, NV 89701

Dear Chair and Members of the Committee:

My name is Alvin Chan, and I am the Program Manager for Native Voters Alliance NV. We work to build political power for Nevada's 28 federally recognized tribes and Washoe and Clark Counties' urban natives.

Over the last two election cycles, we've mobilized thousands of voters all across the state of Nevada. We support SB443 as it makes it easier for new and old residents of our state to procure the required identification to participate in the Democratic process. We are proud of Nevada's highly accessible voting laws, and same day registration should be held as a benchmark for Democracy across the country.

We want to make sure new voters and new residents of Nevada face as few barriers as possible to voting. We are in strong support of SB443.

Thank you for your consideration,

Alvin Chan
