RE: SB181 - Revises provisions relating to economic development.

Chair Neal and Members of the Committee:

As Mayor of the City of North Las Vegas, I can assure you that I am committed to my cities growth through providing economic development for large and small businesses. Senate Bill 181 will continue to help the City of North Las Vegas attract diverse businesses and industries of all sizes.

Senate Bill 181 provides commonsense updates to Nevada statute that would largely support economic development targeting primarily small, independently owned, and operated businesses.

As a minority-majority community, who has experienced unprecedented growth over the last several years, we are committed to developing our diverse community. One critical component of that strategy is our role in successful economic development efforts.

By working to bring large and small diverse businesses and industries to our area, we create quality career opportunities for our residents. This work also allows us to generate critically important tax revenues that benefit our city and residents.

The opportunity to bring diverse industries to our community in a more practical manner, through Senate Bill 181, is an effort we strongly support. We urge your support as well.

Sincerely,

A handwritten signature in blue ink that reads "Pamela Goynes-Brown". The signature is written in a cursive style.

Pamela Goynes-Brown
Mayor
