Since its inception the Las Vegas Asian Chamber of Commerce (ACC) is focused on the primary goal of economic growth for its membership as well as serving as the forum to bring about political, social and economic parity for Nevada's Asian Pacific American community.

As presented, Senate Bill 181 has the potential to afford our community the opportunity to attract additional small, and diverse business and industry to Nevada. While Las Vegas Asian Chamber of Commerce widely supports efforts to diversify Nevada's economy with both large and small opportunities, to ensure a health business ecosystem, SB181 allows Nevada to enhance its responsiveness to smaller and desirable business opportunities so Nevada works at the speed of business.
