Dear Chair Neal and Members of the Senate Revenue Committee:

I am writing to express my support for SB 496, also known as the Film Tax Credit bill. I feel this is the kind of economic diversification and development we need in Southern Nevada, and the tie-in with UNLV is just a tremendous bonus. I know you will give the bill a thorough and fair hearing. In the end I encourage your support of this worthwhile legislation.

I would also like to promote expansion of this project to other areas of the valley that could really benefit from this type of program. In District E, we are currently redeveloping the Commercial Center area, and something like this would be a perfect enhancement to our efforts. I hope you consider that if not in this bill, in the very near future after this legislation successfully passes.

Thank you for your time, and as always, for your commitment to making Nevada a better state.

Sincerely,
