Legislative Counsel Bureau  
401 South Carson  
Carson City, Nevada 89701

Dear Director

Pursuant to NRS 622.100 this board is required to report a summary of each disciplinary action taken against any licensee during the immediate preceding calendar quarter. Please be advised that the Nevada State Board of Athletic Trainers has not taken any disciplinary action from the period of October 1, 2003 to April 1, 2005.

We are a new board and went into affect on October 1, 2003 and are still working thought many of the regulatory process and requirements. Accordingly, I was not aware of this requirement and apologies for the tardiness of the report. I assure you that this report will be submitted in a timely fashion as per NRS 622.100 for all future dates.

Sincerely

Steve McCauley ATC / CSCS  
President  
Nevada State Board of Athletic Trainers
