Dear Director Malkiewich:

The provisions of NRS 622.100 and NRS 622.110 which apply to the Medical Laboratory section of the Bureau of Licensure and Certification within the Health Division require quarterly reporting of disciplinary actions taken against laboratory personnel.

Disciplinary action is pending for Noranne Hamilton, who applied for certification as a General Supervisor, and submitted a forged letter to support her application for an upgraded certificate. We sent notice of intent to revoke her certificate as a Clinical Laboratory Technologist on February 22, 2005, and she has appealed in a letter dated March 9, 2005.

Should you have any questions concerning this, or other laboratory matters, please contact our office at 775-687-4475.

Sincerely,

Pam Graham
Bureau Chief
