No disciplinary action was taken during this reporting period.

Dear Director Malkiewich

The provisions of NRS 622.100 and NRS 622.110 which apply to the Medical Laboratory section of the Bureau of Licensure and Certification within the Health Division require quarterly reporting of disciplinary actions taken against laboratory personnel pursuant to the regulations, Chapter 652 adopted by the State Board of Health.

There has been one denial for Stuart Halabe, March 24, 2006, for a Blood Gas Technologist application. Mr. Halabe's application was denied because of an altered expiration date on a previous certificate. He withdrew his request for appeal.

Should you have any questions concerning this, or other laboratory matters, please contact our office at 775-687-4475.

Sincerely,

A handwritten signature in black ink, appearing to read "Alex Haartz".
