Legislative Counsel Bureau  
401 South Carson Street  
Carson City, Nevada 89701

Dear Director Malkiewich:

The provisions of NRS 622.100 and NRS 622.110 which apply to the Medical Laboratory section of the Bureau of Licensure and Certification within the Health Division require quarterly reporting of disciplinary actions taken against laboratory personnel pursuant to the regulations, Chapter 652 adopted by the State Board of Health.

A hearing was held July 21, 2005 for the revocation of Noranne Hamilton's laboratory personnel certificate as a Clinical Laboratory Technologist. The hearing officer overturned the notice to revoke in findings dated August 11, 2005. A Notice to Suspend Certificate has been sent a second time because tracking from the United States Postal service indicated that the notice is being returned since it was not claimed. The suspension will be effective 11 days after the receipt of the notice. Noranne Hamilton admitted to forging a letter to support her application for an upgraded certificate for General Supervisor.

Should you have any questions concerning this, or other laboratory matters, please contact our office at 775-687-4475.

Sincerely,

A handwritten signature in cursive that reads "Pam Graham" followed by a stylized flourish.

Bureau Chief
