Zip Code Listing
January 2017**

The ZIP Code and legislative district data are not one-to-one comparable due to issues of geographic and data distinctiveness. These data are useful for general reference only.

Zip Codes are designated by the U.S. Postal Service for use in mail delivery and may not be fixed areas. A number of ZIP Codes have no areal extent and are marked as point based. These include P.O. Boxes, some institutions, businesses and buildings, and certain rural delivery areas. The table uses 2010 U.S. Census Bureau TIGER/Line Files to construct the Legislative District Boundaries and the ESRI/TomTom ZIP Code database. The datasets were spatially joined and edited to develop the final tables. Additional sources included GeoNames, UnitedStatesZipCodes.org and ZIPCodesToGo.com, various county datasets, previous LCB data, and the United States Postal Service.
