Note: The population database is derived from the 2020 Census Public Law 94-171 Redistricting Data as provided by the U.S. Census Bureau and validated by the Legislative Counsel Bureau.

These numbers will be revised for redistricting to reflect the reallocation of inmates to their last known residential address prior to incarceration, rather than the address of the facility in which they are incarcerated on Census day, pursuant to AB450 of the 2019 Legislative Session. Thus, the numbers for each entity may change to reflect this reallocation.

Compiled by Legislative Counsel Bureau, August, 2021.

*Hispanic or Latino is reported by the Census Bureau as a language group, separately.

Note: The population database is derived from the 2020 Census Public Law 94-171 Redistricting Data as provided by the U.S. Census Bureau and validated by the Legislative Counsel Bureau.

Racial population data is based on self-identification. Respondents have the option of selecting one or more races. Respondents who self-identify as two or more races are counted in each of the minority race categories they selected, as well as the "Two or More Races" category. Therefore, the seven race categories shown in the table will total to more than 100 percent for each entity.

These numbers will be revised for redistricting to reflect the reallocation of inmates to their last known residential address prior to incarceration, rather than the address of the facility in which they are incarcerated on Census day, pursuant to AB450 of the 2019 Legislative Session. Thus, the numbers for each entity may change to reflect this reallocation.
