2030	3,257,762

STATE OF NEVADA

Changing Center of Population 1860 - 2030

The 2010 population center for Nevada is located in Nye County on the Nevada National Security Site (aka Nevada Test Site)

The exact location is near the junction of Black Mesa Rd. and Tippihah Spring Rd. 16 mi. NE of Yucca Mt. and 8 mi. SW of Area 51

The 2020 population center continues to move nearer Las Vegas, stabilizes, and shifts a little back toward Reno by 2030.

Sources: 2010-2017 Nevada LCB; 2016 Nevada State Demographer (adjusted) 2010-2017 U.S. Census Bureau; 2017 ESRI, and their data suppliers.
The 1860 location is based on the Nevada portion of the Utah Territory and along with 1870 includes a combination of Census and non-Census data.
