Agenda Item	Details or Discussion	Follow-up (and responsible person)	Due Date
Minutes Review	Staffing Committee minutes from December 16, 2019 were reviewed and approved by Sharon Aviles and Reynold Ines.	Committee members	(C)
Staffing Despite Objection Forms Review	Assignment Despite Objections forms were reviewed:  1. Unit was short from call-ins on day shift and night shift. Nurses had 7 patients with several of them being high fall risk patients requiring frequent monitoring. The nurse received a	Committee members.	(C)

	<p>patient right at shift change that required blood transfusion. Reported that the assignment was too heavy.</p> <p>Unit leadership reached out to other units and asked for available nursing staff. No nurses were available. Leadership reached out to un-scheduled staff and was able to bring in another nurse at 11:30 am. Prior to the 11:30, the Clinical Supervisor was able to assist, and took over the patient for the first two hours of the shift. The blood transfusion was given which then decreased the workload of the assigned nurse.</p>		
<b>Leadership Announcements</b>	<p>Sharon welcomed new committee member to the Staffing Committee and thanked them for their commitment and attendance.</p> <p>Pat Walker was promoted as the CNO at Valley Hospital. Sharon is currently interviewing candidates for ACNO position.</p> <p>Julie reviewed the Staffing Committee policy reviewing duties and responsibilities with the new committee members.</p>	Information only.	(C)
<b>Patient Experience Update</b>	<p>The two patient experience scores that we focus on the most are nurse communication and rate the hospital. Think of little things that you can do that will provide the WOW factor for our patients. Nurse communication scores: 75% of patients minimum to</p>	Committee members.	Next meeting.

	rate us at the top of the scale. Kudos to 3N 85.5% and IMC 81.2% of patients.		
Turnover	Discussion was held regarding the benefit of adjusting the nurse to patient ratio to improve turnover. Research has not proven that there is a correlation between a decrease in nurse to patient ratios and a decrease in turnover. Looked at the possibility of training and utilizing ancillary staff as sitters to help decrease the need to pull CNAs off the unit. December continued to see a decline in turnover at 10%.	Committee members.	(B)
Staffing Committee Elections	The staffing election member list was reviewed to ensure it was correct for each unit. Staffing attestation was uploaded for members in LMS with an area for any objections to staffing plan.	Committee members.	(B)
<b>Open Discussion</b>			
Agenda Item	Details or Discussion	Follow-up (and responsible person)	Due Date
Cath Lab/Specials	Staff noted that their staffing plan was not part of the Nurse Staffing Committee policy. Julie will follow up with Ken to create a staffing plan for their department.	Julie Faulkner/Ken Peterman	(B)
Beds and Transportation	Addressed beds and stretchers outside of elevators. When too many stretchers are placed in the elevator bay, it creates difficulty for staff transporting patients in beds to get on and off the elevator quickly. Leaders will address with their units our transportation process.	Information only.	

Patient/Inmate	Tory mentioned that when inmates are admitted as patient they are in metro's custody. If family members call, we cannot confirm that the patient is here. Discussed with leadership in department safety huddle.	Information only.	(C)
Shared Governance	Robin invited attendance to the Shared Governance Committee which will be held on Thursday at 8:00 am.	Information only.	(C)
Next Staffing Meeting	The next Staffing Committee meeting will be held on Monday, April 20 <sup>th</sup> .	Information only.	(C)
Adjournment	The meeting was adjourned at 2:00p.m.

<b>Staffing Despite Objection Forms Review</b>	There were no Assignment Despite Objection forms submitted for review.		(C)
<b>Staffing Concerns</b>	One staffing concern/question was escalated to Sharon last week by Whitney P. Close friend of Whitney's was scheduled in Ortho as an Orientee with Clinical Supervisor to open Ortho with 10 or 11 admits.	<p>Very busy day, 10 or 11 admits brought to unit with two staff members (one staff member coming off orientation and Clin Sup. Very busy, didn't seem fair with an orientee. Felt not safe for staff or patients.</p> <p>Pam thanked Whitney for bringing concern to her attention. Patients coming from PACU were staggered 30 minutes to 1 hour apart. Did not start coming until 9 or 10am. Admissions did not all come at once.</p> <p>Orientee had been working with preceptor for 13 weeks. Clinical Supervisor was taking admissions, settling patients and handing off to staff. There were 10 patients between two nurses. Orientee did not express any real concern herself in asking for additional help. Checked in every hour, everyone agreed, additional help was not needed.</p> <p>Opportunity was offered to have another staff member come in. Pam discussed with</p>	(C)

		team to bring issues to her in real time and submit assignment despite objection form.	
<b>Staffing Committee Elections</b>	Julie reviewed Staffing Committee Elections – all staff are elected for two term process. When we lose a staff member, each unit must elect new members.	Newly elected members will be brought to the next meeting for committee approval.	
<b>Patient Experience Update</b>	Megan discussed the recognition program from VHS and Corporate.	All units have a profile where they will receive recognition for most improved, communication, rate the hospital, hourly and leader rounding. Anyone is welcome to attend the Patient Experience Meeting. There is a Physician Champion meeting once a month. Megan will review scores, discuss joining rounding and better ways to communicate with patients so they feel safe and in a safe environment.	

### Open Discussion

Agenda Item	Details or Discussion	Follow-up (and responsible person)	Due Date
Sharon Aviles, CST Staffing for Robot Cases	When Robot Program started, staffed with two nurses and two techs. Finding bookings are beyond what was planned to staff for off shift hours. Sometimes robots convert to open cases. Staff don't feel comfortable with robot staffing.	Staff previously discussed with Heather and were told this is the way it is. Sharon will follow-up with Heather.	
Sharon Aviles, CST OR – Two entrances open to everyone.	Sharon noted employee parking lot availability is getting smaller. Staff driving around for 15 minutes looking for a parking space. The OR rely on staff to be on time. The OR returned to their normal scheduled hours last week.	Sharon will follow-up.	

Teresa Goudeau, NICU Screeners	Teresa noted census in NICU has been low, staff have been doing screenings in back and front. No employees are allowed through front entrance. All employees need to enter through employee entrance. Screeners are getting cursed and yelled at for making staff go to employee entrance.	Request for leaders and medical staff to remind staff and physicians to enter through employee entrance. If trying to enter through wrong entrance and behaving poorly, escalate and it will be addressed.	
Teresa Goudeau, NICU Masks	Staff told last Tuesday, anytime in patient or public area must wear mask. Reps that come into surgical area must wear mask. Not everyone is wearing a mask.	Sharon will follow-up with the public's perception and message staff are sending by not wearing mask.	

Respectfully submitted,

Sharon Radcliffe, CNO

## Agenda Items

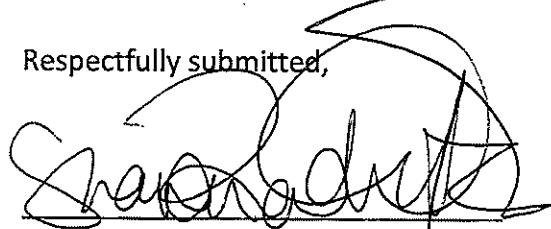

Agenda Item	Details or Discussion	Follow-up (and responsible person)	Due Date
<b>Minutes Review</b>	Sharon requested approval of the minutes.	Tina moved to approve the July 20, 2020 minutes, Angie seconded.	
<b>Staffing Despite Objection Forms Review</b>	There were no Staffing Despite Objection Forms to review.		
<b>Staffing Committee Elections</b>	Julie discussed the election process for voting to elect replacement committee members.	Each unit must have RN and CNA (RN must replace RN, CNA must replace CNA). The alternate member can be either position. Julie will send ballots via email.	
<b>Patient Experience Update</b>	Megan reviewed the current HCAHPS scores. Data was lost due to the downtime event. We continue to see scores from charting and round initiatives implemented in the middle of June	There are no scores for October yet. In Q3 we had good rebound back to where we were at the beginning of the year. Rate the Hospital is in the 61 <sup>st</sup> percentile.
