February 12, 2018

Rick Combs, Director
Legislative Counsel Bureau
401 So. Carson Street
Carson City, NV 89701-4747

Mr. Combs,

NRS 242.105, Confidentiality of Certain Documents related to Homeland Security, Paragraph 4, requires the Department of Administration, Enterprise Information Technology Services Division submit a report on or before February 15 of each year identifying documents that state agencies have determined to be confidential and have submitted their list of such documents to this division for declaration as Confidential.

Please find attached the report listing documents declared confidential for each agency that has provided information.

Respectfully Submitted,

Patrick Cates
Director

CC: Mike Willden, Chief of Staff, Office of the Governor
     David Haws, Interim Administrator, Dept. of Administration, Enterprise IT Services
     Jim Wells, Director, Governor's Finance Office

	ATTORNEY GENERAL'S OFC Confidential Documents					
AGCD001	Digital Forensic Investigation Process and Manual	2/02/2005	NRS 242.105	12/05/2017 12/15/2016 12/16/2015 12/11/2013 12/18/2012	Documents and files which provide specific information on the procedures and process used to investigate security breaches of IT systems or potential computer crimes	242.105 1 (a-4) Plans used to reestablish security and service with respect to an information system after security has been breached or service has been interrupted
AGCD002	Critical Business Technology Assessment Program (CBTAP) & Disaster Recovery Plan (DRP)	12/05/2017	NRS 242.105		Documents and files which provide specific information relating to the restructure of the Attorney General's Office, as well as the processes to restore AG's Office and AG-related IT operations in the event of an emergency or disaster	242.105 1 (a)(4) Plans used to reestablish security and service with respect to an information system after security has been breached or service has been interrupted.
AGCD003	Configuration Files	12/05/2017	NRS 242.105		Documents and files relating to user names, device names, passwords, access codes, naming conventions, IP addressing, firewalls, routers, switches, IDS/IPS sensors, mobile VPN devices, wireless communications devices, servers, networks, telephone systems, security devices, and software utilized by the AG's Office which are critical to the security of the AG and AG-related	242.105 1 (a) Information regarding the infrastructure and security of information systems
AGCD004	Network and Office Security Plans, Policies and Procedures	12/05/2017	NRS 242.105		Policies, procedures and practices relating to security or internal office procedures	242.105 1 (a)(3)(4) Plans used to reestablish security and service with respect to an information system after security has been breached or service has been interrupted.
AGCD005	All IT Infrastructure Maps and Associated Engineering Spreadsheets, Diagrams, Drawings, Worksheets and Text Files	12/05/2017	NRS 242.105		Documents and files which provide detail on the design, plans, schematics and location of AG and AG-related networks	242.105 1 (a) Information regarding the infrastructure and security of information systems
AGCD006	All IT Audits, Logs, Reviews, Assessments and Analysis Results, Reports, Findings and Response Documents	12/05/2017	NRS 242.105		Documents identifying vulnerabilities and weaknesses relevant to infrastructure security with specific details and recommendations on corrective measures and actions taken	242.105 1 (b) Assessments and plans that relate specifically and uniquely to the vulnerability of an information system or to the measures which will be taken to respond to such vulnerability, including, without limitation, any compiled underlying data necessary to prepare such assessments and plans
AGCD007	Security Vulnerability Assessment Reports	2/04/2005	NRS 242.105	12/05/2017 12/15/2016 12/16/2015 12/11/2013 12/18/2012	Assessment of vulnerabilities and weaknesses for the AG and AG-related IT infrastructure	242.105 1 (c) Tests of system security revealing specific vulnerabilities of the system
AGCD008	Strategic Plan	2/04/2009	NRS 242.105	12/05/2017 12/16/2016 12/16/2015 12/11/2013 12/18/2012	Documents relating to the ongoing and future IT projects of the AG and AG-related networks, also relating to the Security and Disaster Recovery of the AG and AG-related networks	242.105 1 (a-4) Plans used to reestablish security and service with respect to an information system after security has been breached or service has been interrupted
AGCD009	Software Licensing files	2/04/2009	NRS 242.105	12/05/2017 12/16/2016 12/16/2015 12/11/2013 12/18/2012	Documents that relate to every software application licensed to the AG's Office and related entities	242.105 1 (a)(2) Access codes used to ensure the security of software applications.
AGCD010	IT Incident Reports	12/05/2017	NRS 242.105		Documents contain information on specific security incidents that have occurred, which affected the security and/or secure operation of an AG or AG-related IT system	242.105 1 (b) Assessments and plans that relate specifically and uniquely to the vulnerability of an information system or to the measures which will be taken to respond to such vulnerability, including, without limitation, any compiled underlying data necessary to prepare such assessments and plans

TREASCD008	Accounts and Passwords Master List	1/02/2008	NRS 242.105	1/18/2018 12/30/2016 12/03/2013 1/25/2013 1/12/2012	Encrypted spreadsheet showing administrative and other accounts and passwords & LastPass Online Vault.	242.105 1 (a) Information regarding the infrastructure and security of information systems
TREASCD009	Disaster Recovery Planning for Information Systems	1/02/2008	NRS 242.105	1/18/2018 12/30/2016 12/03/2013 1/25/2013 1/12/2012 1/31/2011 1/15/2010 2/10/2009	These documents are an extension of the Emergency Response and IT Contingency or Continuity of Operations Plans. The plans define the process to accomplish long-term recovery of the complete agency and its' mission functions. The plan includes information on name and location of hot sites; alternate processing location of the agency should their building be destroyed; names and phone numbers of critical agency staff to be called in during an emergency and all of the processes to recover operations of an agency as a unit including physical location and IT infrastructures	242.105 (a)(1–4) Information regarding the infrastructure and security of information systems. (b) Assessments and plans that relate specifically and uniquely to the vulnerability of an information system or the measures which will be taken to respond to such vulnerability, including, without limitation, any compiled underlying data necessary to prepare such assessments and plans. (c) the results of tests of the security of an information system, insofar as those results reveal specific vulnerabilities relative to the information system.

TREASCD013	Security Audits/Evaluation Reports	12/30/2016	NRS 242.105	1/18/2018	These documents contain information on the identified risks, threats and vulnerabilities to the physical and IT infrastructures of an agency.	242.105 1 (a) Information regarding the infrastructure and security of information systems
TREASCD014	Risk Assessments	12/30/2016	NRS 242.105	1/18/2018	These documents contain information on the identified risks, threats and vulnerabilities to the physical and IT infrastructures of an agency.	242.105 1 (a) Information regarding the infrastructure and security of information systems
TREASCD015	Risk Mitigation Plans	12/30/2016	NRS 242.105	1/18/2018	These documents contain information on the actions that will be taken and timeframe of completing those actions to reduce or eliminate the exposures identified in the risk Assessment.	242.105 1 (a) Information regarding the infrastructure and security of information systems
TREASCD016	Agency Emergency Response Plans	12/30/2016	NRS 242.105	1/18/2018	These documents contain information on the actions the agency and employees are to take in the event of an emergency regardless of the type of emergency. The plan provides location sites for staff when evacuation is necessary, actions to be taken to deal with the emergency, floor plans, emergency exit plans, etc.	242.105 1 (a) Information regarding the infrastructure and security of information systems
TREASCD017	Information Security Plans (ISP)	12/30/2016	NRS 242.105	1/18/2018	These documents contain complete information on the physical, communications and IT inventories (hardware, software, network diagrams, floor plans, etc.) of an agency in one document	242.105 1 (a) Information regarding the infrastructure and security of information systems
TREASCD018	IT Contingency Plans or Continuity of Operations Plans	12/30/2016	NRS 242.105	1/18/2018	These documents provide the process to take to recover critical IT systems that support an agency's mission critical services. This document addresses the IT infrastructure before and after a situation occurs that affects the IT resources	242.105 1 (a) Information regarding the infrastructure and security of information systems
TREASCD019	IT System, Application, Database Backup Schedules and Storage Locations; Recovery Test Schedules and Result Reports	12/30/2016	NRS 242.105	1/18/2018	Documents provide the schedules for executing backup routines and the storage locations of the backups on and off-site, the schedule for testing the recovery plans and the results of tests, which will provide information on exposures, and weaknesses of the recovery plan.	242.105 1 (a) Information regarding the infrastructure and security of information systems

EITSCD001	NSA Assessment Report	2/18/2004	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Report identifying the vulnerabilities and weaknesses with specific details and recommendations on corrective measures	242.105 1 (b) Assessment that relates specifically and uniquely to the vulnerability of IT systems
EITSCD002	IT Incident Reports	1/20/2005	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Contains information on specific security incidents that have occurred that affected the security and/or secure operation of an IT system	242.105 1(b) Identification and measures to be taken to identify and respond to the situation including any compiled underlying data.
EITSCD003	NSA Assessment Corrective Action Plan	3/16/2004	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Plan provides specifics on completion dates and corrective actions to be taken to mitigate vulnerabilities and weaknesses identified in the NSA Assessment Report	242.105 1(b) Measures to be taken to respond to vulnerability
EITSCD004	VPN Admin Web Program, Multi-Factor portal, and associated data.	2/18/2004	NRS 242.105	1/17/2017 1/26/2016 1/22/2014 2/04/2013 2/09/2012	HTTP managers for the VPN remote access system. Maintain keys, group passwords, User IDs and passwords, multi-factor devices, and authorization lists for remote access	242.105 1 (a) (1) Access codes and passwords used to ensure the security of an information system
EITSCD005	Agency Server Data and Fingerprint Printers Configurations	6/30/2004	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Contains vital data that outlines the IP addresses, user information, contact information, server platform, administrative information, remote connections capabilities and other data regarding agency servers and domains EITS has responsibilities for. This includes	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD007	Safeguard Review Report, including final reports	6/30/2004	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	NOMADS security audit report from IRS in regards to facility security and NOMADS dataset security	242.105 1 (b) Assessment that relates specifically and uniquely to the vulnerability of IT systems
EITSCD008	Firewall Scan Result Reports	1/02/2005	NRS 242.105	1/17/2017 1/26/2016 1/22/2014 2/04/2013 2/09/2012	Methods of testing and results of scans conducted on network devices to identify compliancy with existing standards and identifies non-compliant configurations	242.105 1 c) Test of system security revealing specific vulnerabilities of the system
EITSCD009	Web Server Vulnerability Scan Reports	1/11/2005	NRS 242.105	1/17/2017 1/26/2016 1/22/2014 2/04/2013 2/09/2012	Report provides specifics on vulnerability scan and the results of specific weaknesses and vulnerabilities of the Web Servers	242.105 1 c) Test of system security revealing specific vulnerabilities of the system
EITSCD010	Firewall Exception Review Reports	1/13/2005	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Report indicating exception to existing security standards and addresses that are functioning outside of the firewall environment	242.105 1 c) Test of system security revealing specific vulnerabilities of the system
EITSCD011	Disaster Recovery Test Reports	1/18/2005	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Report provides information on the actions taken to test the existing mainframe recovery plan, identification of plan weakness and continued test plans	242.105 1 (a-4) and c) Plans used to reestablish security and service after service has been interrupted and results of the test of the plan which the results identify specific weaknesses of the plan

CONFIDENTIAL DOCUMENT LIST
Pursuant to NRS 242.105

DOC #	Document Title/Type	Date Declared	Declaration Source	Date Reviewed	Document Description	Declaration Justification
EITSCD013	Password Files	1/31/2005	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Password files and password management systems for network device system access or network access	242.105 1 (a) (1) Access codes, passwords and programs used to ensure the security of an information system
EITSCD014	File and System Integrity	1/31/2005	NRS 242.105	1/17/2017 1/26/2016 1/22/2014 2/04/2013 2/09/2012	Programs that keeps duplicate copies of all network device configurations in the state, to include hashed passwords for access, userIDs and passwords for the system itself, IPSEC group name and keys	242.105 1 (a) (1) Access codes, passwords and programs used to ensure the security of an information system
EITSCD015	Port and Application Network Scan Results	1/31/2005	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Output from port or application vulnerability scanners	242.105 1 c) Test of system security revealing specific vulnerabilities of the system
EITSCD016	Packet Trace (capture) files	1/31/2005	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Results from packet capture applications that record all packet information passing through an interface or directed to the capture card, which could include plain text passwords and activity which may indicate a vulnerability	242.105 1 c) Test of system security revealing specific vulnerabilities of the system
EITSCD017	Firewall and Router Security Reviews and Audit Findings	1/31/2005	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Results of reviews of EITS managed security devices and all applicable correspondence related to the review process. Audit findings by all authorized oversight entities.	242.105 1 (b) Assessments and plans that relate specifically and uniquely to the vulnerability of an information system and, (c) Test of system security revealing specific vulnerabilities of the system
EITSCD018	External Agency CADRP's	2/01/2006	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013 2/09/2012	Copies of individual agency Critical Application Disaster Recovery Plans that provides direction to agency staff to reestablish IT services when service has been interrupted by means of system failure, security breach, natural disaster, terrorism event	242.105 (a)(4) Plans used to reestablish security and service with respect to an information system after security has been breached or service has been interrupted.
EITSCD019	External Agency ISP and DRP's	2/01/2006	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Copies of individual agency Information Security Plans that provides information on the processes and procedures used to secure information systems	242.105 (a)(1-4) Information regarding the infrastructure and security of information systems
EITSCD020	Background Checks Results	2/01/2006	NRS 239.010.1B	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Background check results received from NV Criminal History Repository and FBI	
EITSCD021	Network Security Policies, Standards and Procedures	2/07/2007	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Documents and correspondence that provide detail on the configuration, management, security, recovery, and infrastructure of the state networks and their supporting systems	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD022	All IT infrastructure maps and associated engineering spreadsheets, diagrams or drawings, worksheets and text files	1/30/2008	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Documents and correspondence that provide detail on the design, plans, schematics and location of state networks and their supporting systems	242.105 1 (a) Information regarding the infrastructure and security of information systems

DOC #	Document Title/Type	Date Declared	Declaration Source	Date Reviewed	Document Description	Declaration Justification
EITSCD023	Nevada Access System (NAS) C-Cure Configuration files, licenses, drawings	1/06/2009	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Documents provide detailed information of the enterprise access control system used for access control into state buildings.	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD024	Security Policy Exception Requests	1/06/2009	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Provides information on exceptions to State and EITS Security PSP's that have been requested and action taken	242.105 1 c) Test of system security revealing specific vulnerabilities of the system
EITSCD025	All managed or hosted IT system userids and passwords	1/06/2009	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Provides information on credentials to access systems that EITS either owns or hosts and is used by the state. This also includes groups, sudo rights, encryption keys and related files.	242.105 1 (a) (1) Access codes and passwords used to ensure the security of an information system
EITSCD026	All managed or hosted IT system configuration information, including drawings and device-resident data	1/06/2009	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013 2/09/2012 1/18/2011 1/14/2010	Provides detailed information of systems that EITS either owns, hosts or manages, including configuration information resident on systems, devices and infrastructure and information in system documentation. Includes information on external connections for DPS systems.	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD027	Investigation Files, Scans and Reports	1/06/2009	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Provides specific information about IT administrative investigation conducted at the request of agency on individuals who have possibly misused state IT resources resulting in potential administrative, personnel or criminal actions.	242.105 1 (b) Assessment that relates specifically and uniquely to the vulnerability of IT systems
EITSCD028	Information Security Plans (ISPs)	1/14/2010	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Provides detailed security information on EITS information systems and infrastructure	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD029	IT Contingency Plans	1/14/2010	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Provides direction to agency staff to reestablish IT services when service has been interrupted by means of system failure, security breach, natural disaster, terrorism event	242.105 (a)(4) Plans used to reestablish security and service with respect to an information system after security has been breached or service has been interrupted.
EITSCD030	Disaster Recovery Plans (DRPs)	1/14/2010	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Provides direction to agency staff to reestablish IT services when service has been interrupted by means of system failure, security breach, natural disaster, terrorism event	242.105 (a)(4) Plans used to reestablish security and service with respect to an information system after security has been breached or service has been interrupted.
EITSCD031	Security Assessment Reports, Work Papers and Scans	1/14/2010	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 1/22/2014 2/04/2013	Provides specific information about security assessments conducted to identify vulnerabilities of IT systems and infrastructure with recommendations on risk mitigation strategies.	242.105 1 (b) Assessment that relates specifically and uniquely to the vulnerability of IT systems
EITSCD036	Captured Logging Data	1/03/2014	NRS 242.105	2/06/2018 1/17/2017 1/26/2016	Logging correlation and other logging programs used to capture logging data from network devices. Includes raw data, correlated data and documents or correspondence derived from raw or correlated data.	242.105 (a) (1) Programs used to ensure the security of an information system

DOC #	Document Title/Type	Date Declared	Declaration Source	Date Reviewed	Document Description	Declaration Justification
EITSCD038	License Key and Security Documentation	1/10/2013	NRS 242.105	2/06/2018 1/17/2017 1/26/2016 2/03/2014	Contains license keys and security information used by the Desktop Support and Help Desk staff to support information systems	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD041	Unix Scripts and Application Source Code	1/26/2016	NRS 242.105	2/06/2018 1/17/2017	Scripts used to lockdown/secure systems and to gather sensitive system info.	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD042	Unix Purchase Requests and Contracts Containing Sensitive Security-Related Information	1/07/2016	NRS 242.105	2/06/2018 1/17/2017	This has info showing which sites have received encrypted hard drives and other security software. This could also show which sites and systems do not have encrypted data at rest. Could provide an attacker with info to act as a vendor who has access to sensitive data. (Solutions II and the CJIS data.	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD043	All EITS Database Documentation Containing Sensitive Security-Related Information	1/06/2017	inance	2/06/2018	All documentation that contains security-related details about State agency databases	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD044	Microwave Channel Plan	2/08/2017	NRS 242.105	2/06/2018	Contains detailed circuit information for all microwave channels on the State Microwave Network.	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD045	Equipment Address Consolidated	2/08/2017	NRS 242.105	2/06/2018	Contains equipment IP addresses and login information for all microwave site infrastructure.	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD046	Microwave Backbone Configuration	2/08/2017	NRS 242.105	2/06/2018	Detailed drawing of the TDM microwave system backbone.	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD047	T1 Config Drawings	2/08/2017	NRS 242.105	2/06/2018	Multiple drawings of all T1 circuits on the State Microwave Network, showing connections to the backbone for the microwave system.	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD048	T1 Circuit Drawings	2/08/2017	NRS 242.105	2/06/2018	Multiple drawings of all T1 circuits on the State Microwave Network, showing circuit termination points and routing for the microwave system.	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD049	System Path Map	2/08/2017	NRS 242.105	2/06/2018	Visio drawing depicting a map of Nevada, and all microwave sites and paths between sites for the microwave system.	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD050	IP Network Plan	2/08/2017	NRS 242.105	2/06/2018	IP system configuration of the microwave system.	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD051	TDM Network Plan	2/08/2017	NRS 242.105	2/06/2018	TDM system configuration of the microwave system.	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD052	State of NV_Network Security Plan Rev 1.4	2/08/2017	NRS 242.105	2/06/2018	Security Plan containing system login information for equipment in the microwave system and interface details to the NOC.	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD053	System Layout	2/08/2017	NRS 242.105	2/06/2018	Visio drawing depicting a map of Nevada, and all microwave sites and paths between sites for the microwave system. Indicates radio configurations and frequency band.	242.105 1 (a) Information regarding the infrastructure and security of information systems
EITSCD054	Network Personnel Assignment Documentation	12/26/2017	NRS 242.105		Documents detailing specific assignments and duties of network engineering personnel	242.105 (1) (a) (4) Plans used to re-establish security and service with respect to an information system after security has been breached or service has been interrupted
EITSCD055	Wireless Management Portal	12/26/2017	NRS 242.105		Application(s) used to manage wireless devices	242.105 1 (a) (1) Access codes, passwords and programs used to ensure the security of an information system
