SUBJECT: State of Nevada Veteran Hiring Report January – March 2018

AB309 became effective on October 1, 2017, and requires the Administrator of the Division of Human Resource Management of the Department of Administration to submit a quarterly report to the Governor and the Director of the Legislative Counsel Bureau on the number of veterans, and to the extent the information is available, widows and widowers of persons killed in the line of duty while on active duty in the Armed Forces of the United States, who were hired in the classified or unclassified service of the State during the quarter.

At this time, information on widows and widowers employed by the State as defined by AB309 is not available and is not reflected in this report.

Additionally, while State of Nevada employees are encouraged to self-identify if they are a veteran, they are not mandated to do so, and the stated number of veterans hired only reflects recently hired Veteran employees who have chosen to self-identify.

Veterans hired January – March 2018: 7
