Carson City, NV 89701

The Nevada Department of Transportation is hereby submitting the written report required by NRS 408.203(4).

Background:

Assembly Bill 374 (2011 legislative session) amended sections of the NRS 408.203(4) to include the following requirements: The Director shall: On or before February 1 of each odd-number year, submit to the Governor and to the Director of the Legislative Counsel Bureau for transmittal to the next regular session of the Legislature a written report concerning all mobile equipment eliminated by outsourcing or purchased or leased by the Department in the preceding 2 fiscal years. The report must include, without limitation, an analysis of the costs and benefits of each purchase, lease or contract prepared pursuant to subsection 2 of NRS 408.389, the justification for the decision to purchase, lease or contract and any other inflation required by the Director relating to such purchase, lease or contract. This act became effective on July 1, 2011.

Equipment Outsourcing and Leasing:

During Fiscal Years 2017 and 2018 the Department of Transportation did not eliminate any mobile equipment by outsourcing, nor was there any mobile equipment leased by the Department during this time frame.

Mobile Equipment Purchases:

As shown in Tables 1 and 2 (attached), a total of 96 units were purchased in FY 2017 at a cost of \$7,100,649, and a total of 209 units were purchased in FY 2018 at a cost of \$15,252,328.51.

Please refer to the remainder of the attachments for additional information including cost/benefit analysis data.

Sincerely,

A handwritten signature in blue ink, reading "Rudy Malfabon", is positioned above the printed name and title.
