The committee met for the second time of the day to continue consideration of SB 285 which clarifies jurisdiction of the Public Service Commission over sewer and water supply in general improvement districts.

The committee was asked to reconsider this bill by the Public Service Commission and Mr. Reese Taylor and Mr. Gene Milligan, Chairman and Secretary respectively of the Commission, appeared to advise the committee of the reasons for requesting reconsideration.

Mr. Taylor told the committee that the bill had granted certain regulatory powers without the correlated authority to issue certificates.

Assemblyman Hilbrecht questioned the Commission and Mr. Frank Daykin of the Legislative Counsel with regard to the extent of the powers granted.
