

## **Library Note**

In the five meetings marked 4/2/69 and/or 4/3/69, there are certain details that are irreconcilable with either the Assembly Journal or other meetings, such as the apparent co-occurrence in time of some meetings. This leads Library Staff to conclude that it is likely some of the meetings are incorrectly dated. However, there is insufficient data present to make an accurate determination of when the meetings actually occurred. Therefore, these meetings will be labeled as they were originally, with the addition of an A-E to represent the order in which they were found in State Archives' files, and for indexing purposes.
