Chairman Gibson called the meeting to order. The first matter to be considered was the proposed bill setting salaries for elected county officials. Mr. Gross, Storey County Auditor asked how the committee had based the salaries they had arrived at on the proposed schedule. Chairman Gibson explained that they were based on assessed valuation, population, and volume of business of the county offices. Mr. Gross then wanted to know if they had taken the original budget that had been submitted to the Tax Commission and said that that had been amended because there was an error and when that had been prepared there were ample funds.

Senator Dodge pointed out that their main objective in this schedule had been to bring about uniformity, meaning that the counties with fairly like situations have similar salaries. Mr. Gross then elaborated on the situation in Storey County and stated that he felt the proposed raise was insufficient. Chairman Gibson said that the committee understood their position, and would study it in relation to the over-all bill.
SB-411 Proposed by Senator Fransway.
Provides for election, terms of office of mayor and councilmen of third-class cities; provides number of councilmen for second-class cities.

Chairman Gibson explained the purpose of this bill, and stated that this bill resolves the conflict. Senator Dodge moved Adopt, Amend and Do Pass, seconded by Senator Monroe. Vote for this action was unanimous.

AB-361 Proposed by Mr. Jacobsen.
Provides single assessment limitation for equipping and maintaining fire districts. Executive estimate of cost: None.

Mr. Manoukian, representing the Kingsbury Fire District, spoke on this bill. He referred to a portion of a letter dated March 24, 1969, addressed to Chairman Gibson which stated that initially they would like to dispense with the distinction of establishing, equipping, and maintaining the district in the conjunctive and get closer to that language used in county form districts under 474 (NRS) opposed to district form by election. Also they are one of the four or five districts in the state in that regard. He noted that their basic problem at Kingsbury is that of manning a district that's already established -- they do not have enough men to man the equipment they have nor to service the district. Mr. Manoukian said that he would like to urge an amendment to this bill striking the ½ of ½.

Senator Farr pointed out that they would like to see "maintain" included in the provisions of this bill and that this is the heart of the whole thing. Mr. Gillies, Chief of the Kingsbury Fire District, added his comments in this regard.

Following discussion, Senator Monroe moved Amend back to 1¾, and Do Pass, seconded by Senator Farr. Vote for this motion carried, with Senator Dodge voting "nay".

SB-146 Proposed by Senator Titlow.
Establishes Central Nevada resource development authority.

Chairman Gibson went over the extensive amendments and stated that they actually make a new bill out of it. He noted that they need some kind of status in the statutes to place them in the proper framework to receive federal assistance. There was committee discussion concerning the provisions of this bill.

Senator Monroe moved Amend and Do Pass, seconded by Senator Dodge. Vote for this action was unanimous.
SB-531 Proposed by Senator Dodge.
Establishes the Churchill-Lyon county boundary line.

Chairman Gibson explained that this bill serves only to clarify the county boundary line. Following discussion, Senator Dodge moved Do Pass, seconded by Senator Monroe. Vote for passage was unanimous.

AB-362 Proposed by Mr. Jacobsen.
Increases permissible interest rate on general improvement district bonds.

Chairman Gibson said that he had consulted with Mr. McDonald regarding this, and that in light of the master bills they had passed on raising the interest rate it is necessary and that this bill would be needed, including an amendment.

Senator Dodge moved Amend and Do Pass, seconded by Senator Hecht. Vote for this action was unanimous.

AB-353 Proposed by Mr. Wilson.
Enacts open housing law.

Chairman Gibson gave a report on his meeting with Mr. Guinan, attorney representing the NAACP, and said that they want the language in AB-693 substituted for the language in this bill, leaving it as AB-353, but picking up the other language. Also Mr. McKissick in the Assembly had indicated that they would not accept this as a substitute bill, so there is a strong division of feeling on this. Senator Farr stated that he had spent some time in Las Vegas talking to various people and felt that AB-353 responds without spelling out segregation to the need of the state. Senator Dodge concurred that he felt they should support this bill, but that it should be referred to the Finance Committee. Chairman Gibson stated a reservation on this in that it goes beyond the federal act.

Following further discussion, Senator Dodge moved Do Pass and re-refer to the Finance Committee, seconded by Senator Farr. The vote on this motion carried, with Senator Monroe and Senator Gibson voting "nay".

Permits county and city governing bodies to enter into lease-purchase agreements for buildings.

Mr. Bowler commented on this bill, stating that the actual purpose is to build a stadium between Las Vegas and Henderson -- the bill is permissive legislation only. There was discussion in this regard and comments from Mr. Daykin. It was decided to hold action on this for further clarification.
AB-304  Proposed by Clark County Delegation.
Allows county commissioners to vote on certain cooperative agreements which extend beyond terms of office.

Mr. Albright of Clark County commented on this bill, followed by committee discussion. Senator Dodge moved Do Pass, seconded by Senator Bunker. Vote for passage was unanimous.

AB-718  Proposed by Committee on Agriculture.
Permits water conservancy subdistricts to levy and collect taxes for construction, operation and maintenance of works of such subdistricts.

It was decided to hold action on this for additional information.

AB-713  Proposed by Committee on Government Affairs.
Authorizes Mineral County power system to purchase equipment, supplies of value under $2,500 without advertising for bids.

It was noted that there was a previous bill regarding this matter. Senator Farr was designated to do further research before any action is taken on it.

AB-695  Proposed by Messrs. Getto, Jacobsen and Howard.
Authorizes county commissioners to determine indigency of hospital patients.

Following committee discussion, Senator Monroe moved Amend and Do Pass, seconded by Senator Hecht. Vote for this action was unanimous.

There being no further business, the meeting was adjourned.

Respectfully submitted,

Patricia F. Burke
