

Legislative Committee Minutes on Microfiche, 1965-2005

The Research Library of the Legislative Counsel Bureau retains a copy of the legislative committee minutes on microfiche. Legislative committee minutes do not exist prior to 1965 as the committees were not required to retain records of hearings. Not all standing committees kept minutes from 1965 through 1973.

The Assembly adopted a standing rule in 1973 to maintain the minutes of standing committee meetings. The Senate adopted a similar rule in 1975.

Beginning with the 1993 Session electronic minutes are available from the Nevada Legislature's website at www.leg.state.nv.us/session.

Please contact the Research Library at 775/684-6827 or library@lcb.state.nv.us for additional assistance.
