**PUBLIC AGENCY CONTACTS  
WATER AND WASTE WATER RESOURCES**

**INTRODUCTION**

A broad spectrum of Federal, State and local agencies have responsibilities relative to water and waste water resources in Nevada. The goal of this background paper is to provide names, addresses and telephone numbers for these entities.

Section I of the document outlines the most significant functions relative to water and waste water resources in the state, and it highlights the major public agencies active in these functional areas<sup>1</sup>. Listings begin with Federal agencies followed by State and then local entities, and the entries are alphabetical within these categories. Names, addresses and telephone numbers for contacts are provided in Section II and the appendices.

<sup>1</sup>Some private entities are also included as they participate directly in the relevant activities at the local level.
