CHAPTER V

RESOURCES FOR LEGISLATORS

CHAPTER V

RESOURCES FOR LEGISLATORS

During every session of the Nevada Legislature, Senators and members of the Assembly find themselves deluged with official reports, documents, and communications. Filtering the significant from the insignificant becomes a sizeable chore. However, there are a few key resources that bear more directly and more constantly on the work of the legislators than any others likely to cross their desks.

These resources may be described in two categories—basic printed resources and library services. The basic printed materials may be supplemented by additional information available through the libraries.

BASIC PRINTED RESOURCES

Most of the basic printed resources are primarily issued by the Legislature and the Legislative Counsel Bureau. However, at least four documents issued by the executive branch—the *Executive Budget*, the *Recommended Schedule of Priorities for Capital Improvements*, the *Nevada Statistical Abstract*, and the *Biennial Report of Nevada State Agencies*—should also receive legislators' scrutiny. The major printed resource tools at the disposal of Nevada legislators are briefly highlighted below.

Statutes of Nevada

The *Statutes of Nevada*, sometimes called the session laws, are a bound compilation of all general and special laws and resolutions enacted in a specific legislative year. They have been published for every session since territorial days. Thoroughly indexed, they are normally available within a few months following the close of a session. Between the end of a session and the publication of the *Statutes of Nevada*, a temporary compilation of the session laws, known as the *Advance Sheets*, is available to interested parties. This softbound publication contains all of the laws and resolutions adopted at the recently adjourned session in the same order of appearance as in the *Statutes of Nevada* and includes an index and locator tables.

The text of all bills and resolutions enacted at a session appears in the *Statutes of Nevada* in the same form as the enrolled copies filed with the Secretary of State. With some exceptions, new material is printed in italics, while material enclosed in brackets is struck out of the existing law. Laws are arranged in the *Statutes of Nevada* by chapter number assigned by the Secretary of State in the order received from the Governor.

Besides the complete texts of all laws and resolutions adopted during a session, the *Statutes of Nevada* contains indexed copies of the *United States* and *Nevada Constitutions*. The *Statutes of Nevada* also includes several tables useful in

determining the laws in place in Nevada prior to the biennial reprint of the *Nevada Revised Statutes* (NRS). These tables are:

1. A table of bills and resolutions passed during the session showing their chapter numbers and page numbers in the *Statutes of Nevada*.
2. A table of sections of NRS amended or repealed during the session.
3. A table of chapters of NRS amended by the addition of new sections.
4. A table of titles of NRS amended by the addition of new chapters.
5. A list of selected special and local acts amended or repealed.
6. A table of statutes, or sections thereof, repealed or amended.
7. A table of contents showing the title and chapter numbers (or file numbers for resolutions) of all the measures enacted during the session.

The reprint of NRS incorporates the statutory changes adopted during the previous session.

Nevada Revised Statutes

Nevada Revised Statutes is an annotated codification of all statute laws in Nevada of a general, public, and permanent nature. Officially cited as NRS, the code consists of 49 loose-leaf volumes including indices, comparative tables, and certain special and local acts.

The NRS is revised and published by the Legislative Counsel Bureau. It is organized according to subject matter, but unlike the codes of some states, there is a single, unified system of section numbers running from beginning to end, so that codes, titles, and chapters need not be cited. The four broadest divisions are codes:

1. The *Remedial Code*, which deals with court structure and organization and civil procedure and remedies.
2. The *Civil Code*, which deals with relationships between persons.
3. The *Penal Code*, which encompasses crimes and punishments and criminal procedure.
4. The *Political Code*, which relates to the structure and organization of state and local governments and with the services rendered and the regulation exercised by government.

Within the codes are the titles, numbered consecutively from 1 through 58, each of which embraces a major subject area of law. The titles, in turn, are broken down into chapters, and within the chapters are the specific provisions of the law set forth as sections, which are given identifying numbers. In citing a law contained in NRS, the numbers preceding the decimal point indicate the chapter in which the provision is located, while those following the decimal pinpoint the specific section referred to in the citation. Hence, a citation reading NRS 218.340 would mean that the law in question is found in Chapter 218 of NRS, while 340 indicates its place in that chapter.

LEGISLATIVE MANUAL

The system is truly decimal: That is, NRS 218.5333 lies between NRS 218.533 and 218.534.

The numbers, dates, and symbols at the conclusion of each NRS section refer to the statutory history of the sections and permit the quick location of their statutory antecedents. An explanation of the code employed is contained in the Legislative Counsel's Preface in Volume 1.

The rules of Nevada's courts are also printed in NRS. Volume 40 contains the rules of Nevada's Supreme Court, the *Nevada Rules of Appellate Procedure*, and the *Nevada Justices' Courts Rules of Civil Procedure*. Volume 39 contains the rules of the district courts and the *Nevada Rules of Civil Procedure*. The court rules are not assigned chapter numbers and are arranged simply in numerical order by rule. Citations for these rules may be given as Supreme Court Rule 4, N.R.C.P. 65(a), N.R.A.P. 1(a), or N.J.R.C.P. 73(a), for example. Volume 41 contains the rules adopted by the federal courts with jurisdiction in Nevada. Volume 45 contains an alphabetical list of Nevada's Supreme Court cases and their citations.

The *United States Constitution* with its index is found in Volume 38 of NRS. Volume 38 also contains the Nevada Admission Acts and the *Nevada Constitution*. Volumes 46 through 49 comprise the comprehensive index to NRS. Volumes 42 and 43 contain a selection of local and special acts that appear to have a continuing effect and may have a significant degree of public interest. Major inclusions are city charters, water and sewer districts, convention centers, and other special acts. Volume 44 provides comparative tables relating NRS sections to those found in the previous compilation and to new sections added by statutes enacted subsequent to the adoption of NRS as the law of Nevada. Also included is a table of all sections repealed or replaced in revision.

At each session of the Legislature, numerous changes are made in the existing body of law contained in NRS. To keep NRS current, the Legislative Counsel prepares biennial supplements, which contain all changes made in NRS at the immediately preceding session.

Nevada Revised Statutes currently sell for \$575 per set and may be ordered through the Legislative Counsel Bureau. Legislators desiring to obtain one personal set of NRS may order it directly from the Legislative Counsel Bureau at a cost of \$50. This fee entitles a legislator to a complete set of NRS; sets of replacement or supplementary pages as issued during the legislator's term of office are provided without additional charge.

The NRS contain annotations that assist in interpreting the meaning of statutory language appearing in NRS. The annotations contain several basic aids to understanding Nevada law:

1. *Reviser's Notes*. The Reviser's Notes explain the reasons for omissions, changes of wording, and reorganizations made during the revision of NRS. They also set forth selected preambles, legislative policy statements, and other provisions of law having more than temporary effect which are not included in NRS. In a few instances, they provide additional information about the source or effective date of a provision.

2. *Legislative Histories.* The legislative history for each section of NRS is inserted in brackets immediately following the section. The history contains a reference to the section, chapter, and year of the *Statutes of Nevada* from which the section is derived and includes references to subsequent amendments. In addition, Volume 44 of NRS provides a legislative history of the enactment, repeal, and replacement of the sections of NRS, including the sections that existed prior to the enactment of NRS.

3. *References to Nevada Constitutional Debates and Proceedings.* Annotations to the *Nevada Constitution* contain references to the *Debates and Proceedings in the 1864 Constitutional Convention of the State of Nevada*, as reported by Andrew J. Marsh and published in 1866.

4. *Notes of the Advisory Committees of the Nevada Supreme Court.* The annotations to *Nevada Rules of Appellate Procedure*, *Nevada Rules of Civil Procedure*, and *Nevada Justices' Courts Rules of Civil Procedure* contain notes as prepared by the respective advisory committees appointed by Nevada's Supreme Court.

5. *References to related provisions of the Nevada Administrative Code (NAC).* The annotations contain references to sections of NAC that are related to or adopted pursuant to the statutory provision.

6. *Relevant Judicial Decisions.* The annotations contain notes and citations for decisions of Nevada's Supreme Court, federal courts, and courts of other jurisdictions that bear upon the provisions of NRS. Also included are statements of holdings in cases decided under former statutes that were substantially the same as the provisions in NRS.

7. *West Publishing Company.* Immediately following selected statutes and chapter or subchapter headings, there are references to West Publishing Company's key number classifications as contained in its *American Digest System*⁷ and to West Publishing Company's legal encyclopedia, *Corpus Juris Secundum*⁷.

8. *Notes of Opinions of the Attorney General.* Where appropriate, the annotations contain brief notes on pertinent Opinions of the Attorneys General of the State of Nevada since 1869. These are identified by the citation prefix *NAGO*,⁸ followed by the number of the opinion and its date of issuance.

Nevada Administrative Code

It is the policy of the State of Nevada that every regulation adopted pursuant to law by a state agency be made easily accessible to the public and expressed in clear and concise language. To assist in carrying out this policy, most permanent regulations are incorporated in the NAC, and procedures for the adoption of emergency or temporary regulations are set forth by statute. Information relating to a proposed or adopted regulation is provided in the Register of Regulations, which is published by the Legislative Counsel. The Register includes the proposed and adopted text of each permanent regulation, the notice of intent to act upon the regulation, the written notice of adoption of the regulation, an informational statement, and the effective date.

The NAC and the Register are available for review in the state and legislative libraries, and may also be purchased, in individual volumes or in their entirety, from the Publications Office of the Legislative Counsel Bureau.

Daily Histories

The Nevada Legislature considered 1,369 legislative measures during the 1997 Session. The progress of each of these bills and resolutions is summarized in the *Senate Daily History* and the *Assembly Daily History*.

The daily histories list each bill and resolution introduced in the respective chambers for which they are reporting in numerical sequence by bill number or the number of the resolution. Following the bill number is the name of the introducer and the date of introduction of the measure. Below this information there is a brief summary of the measure and the number of the bill drafting request. Then, in chronological order, the measure's legislative history is traced up to the date of publication. Thus, at a moment's glance, a legislator or other interested person can locate any bill or resolution and determine its status.

Daily histories, which record all action taken on bills and resolutions, are printed each day the Legislature is in session and are also printed in cumulative volumes every two weeks (on an alternating basis between the Senate and Assembly). They also contain a complete list of the daily files scheduled during the day and notice of committee meetings.

At the conclusion of each session, final volumes of the *Senate History* and the *Assembly History* are printed and made available upon request. These volumes contain the legislative history of each measure through the last day of the session and are arranged in the same fashion as the daily histories. Measures enacted into law are traced through the date of the Governor's signature (or the date on which they became law without his signature), with notations citing their assigned chapter number in the *Statutes of Nevada* and their effective dates, unless vetoed, in which case the date of veto is noted. The final volumes include additional relevant information on the personnel of the session, committee assignments, a legislative box score, and other items of general interest.

Index of Bills and Resolutions

The index of Senate and Assembly bills and resolutions is a cumulative publication, which is printed each week during the legislative session. The index contains references to all bills and resolutions introduced during the session and includes references to material that is added to a bill or resolution by amendment.

Within the index are tables to Senate and Assembly bills arranged by the section of NRS proposed to be amended or repealed; chapters of NRS that may be amended by the addition of new sections; and titles of NRS proposed to be amended by the addition of new chapters.

LEGISLATIVE MANUAL

Special characters following a bill or resolution number in the index or tables indicate action taken by the Governor on measures that have been passed by both houses:

1. One asterisk (*) indicates that the bill is effective on October 1 or later.
2. Two asterisks (**) indicate that the bill is effective on passage and approval or on a specified date before October 1.
3. One dagger (H) indicates that the material reflected by the index entry was deleted by amendment or that the section reflected in the table was deleted by amendment.
4. Two daggers (HH) indicate that the bill was vetoed.
5. A double dagger (I) indicates that the resolution has been approved.

Liberal use is made of ASee@ and ASee also@ references. For example, the heading ALAKE TAHOE (See TAHOE BASIN)@ means that all information concerning Lake Tahoe is indexed under the heading ATAHOE BASIN.@ The heading AREGIONAL PLANNING (See also LAND USE PLANNING)@ means that all specific references to regional planning is indexed under AREGIONAL PLANNING,@ but that the heading ALAND USE PLANNING@ contains general information that may be pertinent.

General headings are used within the index to list every bill or resolution pertaining to certain general subjects. For example, the heading AAPPROPRIATIONS@ includes a reference for every bill that contains an appropriation. The heading ALEGISLATIVE AND AGENCY STUDIES@ includes a reference for every bill or resolution that requests a study. The heading ARESOLUTIONS AND MEMORIALS@ includes references for every resolution introduced, except constitutional amendments and legislative matters. Constitutional amendments are listed under the headings ACONSTITUTIONAL AMENDMENTS, NEVADA@ and ACONSTITUTIONAL AMENDMENTS, UNITED STATES.@ Resolutions concerning legislative matters are indexed under the heading ALEGISLATURE.@ In consulting the index on a given subject, the user should check first for the specific, then for the general, subject.

A final edition of the index and tables is printed after adjournment and may be used before the publication of the Advance Sheets to identify new laws or amendments to existing law.

Legislative Journals

Each house of the Nevada Legislature publishes a daily journal of its proceedings. While the journals are not verbatim transcriptions of floor activity, they do record all official actions taken on measures pending before the chambers and frequently include the text of remarks made by legislators, as well as gubernatorial and congressional messages. Journals for the preceding day are distributed to the legislators in their

respective chambers at the beginning of each day's session and made available to the public.

After the Legislature has adjourned sine die, the daily journals are gathered together, indexed, and bound in permanent publications. Hardbound copies of the journals also contain certain ancillary information relating to the legislative *calendar*, the personnel of the Legislature, the Standing Rules, and the Joint Rules of the Senate and Assembly.

Biennial Report of Nevada State Agencies and Nevada Statistical Abstract

Each biennium, the Department of Administration compiles the *Perspectives: A Biennial Report of Nevada State Agencies*. The report contains an organizational chart of state government, and a section describing each state agency. State agency descriptions include their purpose, organizational structures, significant legislative or executive action affecting the agency, a list of major administrators within the agency, goals and/or objectives, what the agency did to help achieve its goals and/or objectives from the 1999 and the 1997 report, and its department's goals. The 1997 report is available on the internet at (<http://www.clan.lib.nv.us/docs/NSLA/STATEPUBS/admin/perspectives.htm>). The 1999 report should be available on-line in early 1999.

The Department of Administration also publishes the Nevada Statistical Abstract, which contains data and graphs describing the people, economy, and environment of Nevada. By statute, the Biennial Report of Nevada State Agencies and the Nevada Statistical Abstract are made available without charge to each elected state official, the members of the Legislature, each executive branch state agency, county and city clerks, and each public library in the state (NRS 345.120). Remaining copies are sold to recover printing costs.

Political History of Nevada

One of the most comprehensive historical reference works on Nevada state government and politics is the Political History of Nevada, the tenth revised edition of which was issued by the Secretary of State in 1997.

The political history contains background data on the historical development of the state; descriptive material on the state symbols and mottoes; lists of territorial and state elective officials; informative articles; and complete statewide election returns for every special, primary, and general election since 1864. A special section on the Legislature highlights valuable information regarding apportionment of the Nevada Legislature since 1861 and lists the membership of each session of the territorial and state legislatures.

Audits of State Agencies

The Audit Division of the Legislative Counsel Bureau periodically issues audits and other reports of interest to legislators. Because of the technical nature and complexity of these reports, it is recommended that interested legislators consult with the Legislative Auditor for assistance when obtaining audit reports.

Every legislator receives a copy of the *Biennial Report of the Legislative Auditor*, which summarizes audit reports on state agencies. This report also includes specific recommendations to the Legislature for laws to improve the efficiency and effectiveness of state government.

Legislative Videocassettes

The Legislative Counsel Bureau provides a videocassette, entitled "The Nevada Legislature: the People's Branch of Government," which was produced in 1998. The videocassette describes the legislative process and features prominent members of the Legislature. It is 30 minutes in length and is suitable for viewing by all age groups. The videocassette may be borrowed by individual legislators.

The National Conference of State Legislatures also provides several videocassettes on various legislative topics. For specific information, contact the Research Library, Legislative Counsel Bureau, Sedway Office Building, Carson City, Nevada 89701.

Recommended Schedule of Priorities for Capital Improvements

Pursuant to NRS 341.191, the State Public Works Board is required to recommend to the Governor and to the Legislature a schedule of priorities for the construction of proposed capital improvements. The State Administrative Manual requires all institutions and departments to submit to the State Public Works Board, for consideration and recommendation, their requests for all new construction and remodeling projects that cost in excess of \$25,000. The publication containing the long-range perspective of the capital construction needs and ultimate level of financing required is the Recommended 1997-1999 Capital Improvement Program.

The recommended schedule assigns each proposed capital improvement project a project number and title. This information is followed by a cost estimate and description of the project. In providing funds to carry out a program of capital improvements, the Legislature normally makes reference in legislation to the project numbers assigned to various projects by the State Public Works Board in its recommended schedule. Hence, the recommended schedule is key to understanding the state's approved capital improvement program.

Mason's Manual of Legislative Procedure

The standing rules of both houses of the Nevada Legislature designate Mason's Manual of Legislative Procedure as the parliamentary authority to be followed in the absence of any constitutional provisions, statutes, or standing rules governing the conduct of proceedings in the chambers. Mason's Manual, because of its official standing, is thus one of the most important printed resources for legislators.

The manual contains a complete outline of parliamentary laws and rules, explaining questions of precedence of motions, the conduct of debate, methods of voting, and other intricacies of procedure. Citations to collateral parliamentary authorities permit in-depth analysis of specific issues, while the narrative itself (which is organized by topical sections for purposes of citation) offers a statement of general principles applicable in most given situations.

In addition to an extensive table of contents, the manual has an index, a brief index, and a table of cases cited. Limited copies of Mason's Manual are available for checkout from the Research Library. Copies are also available for purchase by legislators at \$40 per copy from the Publications Office of the Legislative Counsel Bureau.

Nevada Legislative Manual

Each legislator is provided with a copy of the Nevada Legislative Manual, which contains information regarding the structure and processes of the Legislature. The manual, published by the Legislative Counsel Bureau, also includes information to assist new legislators in adjusting to legislative life.

Legislative Counsel Bureau Publications

The Legislative Counsel Bureau issues several reports and publications useful to legislators. These publications are the Legislative Appropriations Report, Summary of Legislation, Legislative Counsel Bureau bulletins, and various background papers.

1. Legislative Appropriations Report. Produced biennially by the Fiscal Analysis Division, this report details all the appropriations made by the Legislature for the operation of Nevada state government. It is distributed to all members of the Legislature as soon as possible after the adjournment of the legislative session.
2. Summary of Legislation. Produced biennially by the Research Division, this report summarizes all legislation enacted during the most recent session.
3. Legislative Counsel Bureau Bulletins. The Legislative Commission, responding to directions contained in concurrent resolutions, normally assigns a number of interim studies on legislative problems to its subcommittees, the staff of the Legislative Counsel Bureau, or both. Upon their completion, these studies, together with recommendations for appropriate legislative action, are published by the Legislative

Counsel Bureau and distributed to the members at the next session of the Legislature. Each publication is given a bulletin number.

A complete list of Legislative Counsel Bureau bulletins issued to date is included as an appendix in this Nevada Legislative Manual. The numbering system for bulletins was changed in 1976 so that a bulletin now has a two-part number. The first part is the year of the regular session to which the report was made, and the second part is a sequence number for that session. Thus, the first bulletin to the 1999 Session is 99-1.

While an attempt is made to maintain a sufficient supply of each bulletin to accommodate requests for additional copies, certain numbers are now out of print. Anyone wishing to review the contents of out-of-print bulletins may do so by consulting the issues retained by the Legislative Counsel Bureau in its Research Library.

4. Background Papers. These reports, which are produced prior to each legislative session by the Research Division as part of its requirements under NRS 218.735, discuss subjects that may be of major interest during legislative sessions. The division welcomes legislators' suggestions for topics to be covered in background papers. As noted under the section titled "The Legislative Counsel Bureau," Chapter IV of this manual, the Research Division also handles a wide assortment of research assignments for legislators upon request.

Executive Budget

The major fiscal document used by legislators in Nevada is the Executive Budget, which contains actual appropriation and expenditure figures for past fiscal years, agency requests for the future biennium, and the gubernatorial recommendations that endorse or modify agency budgetary requests. Included in the budget document are program statements that preface the detailed fiscal information for the various departments, boards, commissions, and other agencies of the state. Starting in 1993, the budget segregated each account into base and current services level budgets, and all program enhancements were separately identified. In addition, quantitative indicators of each program's performance were added to the budget document in 1993. The budget is organized functionally, by agency, with summaries relating to personnel, operating expenses, travel, and requests for equipment.

The introductory materials located at the front of the budget document provide general interest data relating to the Nevada economy, taxation, revenue, personal income, population, and fiscal trends. This information is useful in understanding the factors involved in calculating budget projections, but it is equally useful as a statistical reference work on the State of Nevada.

Economic Forum

The Economic Forum is a five-member committee from the private sector directed to provide a forecast of future State General Fund revenues by December 1 of even-numbered years. The Governor appoints three members to the forum, and the Majority Floor Leader of the Senate and the Speaker of the Assembly each nominate a member. The forum is assisted in preparing the forecast by a Technical Advisory Committee made up of the Budget Director, Senate and Assembly fiscal analysts, State Demographer, Director of Research for the Employment Security Division, Vice Chancellor for Finance of the University and Community College System of Nevada, and the chairman of the Committee on Local Government Finance.

The forecast prepared by the Economic Forum will be based on the existing revenue structure and must be used by the agencies, the Governor, and the Legislature in recommending and approving the new budget. A second written report must be submitted by the Economic Forum to the Governor and the Legislature by May 1 of odd numbered years that confirms or revises the projections contained in the December 1 forecast.

LIBRARY SERVICES FOR LEGISLATORS

Division of State Library and Archives

Nevada's State Library and Archives was established in 1861 as the territorial library for service to attorneys and justices. Today, it provides library and information services to all Nevadans. The State Library and Archives acts as the information service center for all functions of state government and coordinates many activities for public libraries throughout the state.

Among the full range of information services provided by the State Library and Archives, the following are of special use to members of the Legislature:

STATE LIBRARY SERVICES

Reference librarians answer reference and research requests using in-depth collections of public administration, business, human resources, taxation, census, and Nevada materials. Comprehensive collections of statistical and demographic information, telephone, and other directories, and a wide variety of information data bases provide quick access to information essential to legislative action (telephone: 775-687-5160).

LEGISLATIVE MANUAL

The reference staff answers questions of a general or special nature, performs manual and data base literature searches, compiles bibliographies or lists of information sources on subjects, and obtains difficult-to-find materials through interlibrary loan from other libraries located in and out of state. A telecommunications network connecting the computer data bases of Nevada's public and academic libraries provides information transfer statewide. The home page address is www.clan.lib.nv.us.

The State Publications Distribution Center collects Nevada state and local agency publications for research use at the State Library and Archives, and distributes copies of these publications to the Clark, Elko, and Washoe County libraries and the University of Nevada campuses at Las Vegas and Reno (telephone: 775-687-8345).

The State Library and Archives is a federal documents depository, maintaining a current and historical collection of 250,000 federal documents, which includes congressional bills, statutes, hearings, and reports as well as executive publications. A limited collection of out-of-state and intergovernmental documents is also available. Full reference, computer search, photocopy, and microform reader-printer services are available for all collections (telephone: 775-687-8327).

The Regional Library for the Blind and Physically Handicapped provides braille and recorded books and magazines to print-handicapped individuals. Legislators are invited to visit this program and review the unique and varied materials and equipment it offers (telephone: 775-687-5154).

Technical Services coordinates the cataloging of library materials and the sharing of information on a statewide basis. The section develops and maintains a statewide computer data base for the interlibrary loan network and coordinates the development of circulation data bases (telephone: 775-687-8309).

During the legislative session, the State Library and Archives offers the Legislative Hot Line, which provides information on all aspects of legislative processes and activities. Inquiries may be made by telephone or in person and are answered free of charge. Between legislative sessions, questions are handled by reference librarians at the State Library and Archives (telephone: 775-687-5160).

The Library Development Section provides consultation on library and information services to local libraries and state institutions; promotes coordination and improvement of library services on a statewide basis; collects data and publishes statistics and directories; monitors, evaluates, and assists with administration of state and federal grants for library development; assists with development of library automation projects statewide; and develops training and continuing education activities for library staff members and public library trustees (telephone: 775-687-8324).

LEGISLATIVE MANUAL

ARCHIVES AND RECORDS

The Archives and Records Section houses territorial and state records that have research value, including many records of the legislative, judicial, and executive branches of government, as well as some local government records. The staff provides research, retrieval, and photocopying of records housed at the State Library and Archives and referral services to government records and other historical material maintained elsewhere. Records management services are provided for all state executive agencies (telephone: 775-687-5210).

State Library and Archives hours are 8 a.m. to 5 p.m., Monday through Friday.

Nevada's Supreme Court Law Library

Occupying the first floor of the Supreme Court Building (201 South Carson Street, Carson City), the Supreme Court Law Library provides legal information and research services to legislators, including reference, interlibrary loan, and photocopying. Requests for information may be made by telephone (775-687-5140), facsimile (775-687-8762), electronic mail (susouth@clan.lib.nv.us) or in person. The law library is staffed from 8 a.m. to 5 p.m., Monday through Friday, and access is through either the east, west, or south entrance. Legislators may use the intercom at the south entrance to identify themselves to Security and gain admittance between 5 p.m. and 11 p.m., Monday through Friday. For weekend access, contact library staff before 5 p.m. on Fridays (telephone: 775-687-5140).

Research LibraryC Legislative Counsel Bureau

The Research Library operates within the Research Division of the Legislative Counsel Bureau. The library serves the legislative staff and legislators, but it is also open to state agency personnel and the general public. The library is a reference center specializing on legislative and governmental subjects. Located on the first floor of the Sedway Office Building, the library is open 8 a.m. to 5 p.m., Monday through Friday (telephone: 775-687-6827; E-mail: library@lcb.state.nv.us).

The Research Library serves as a depository for all official Nevada legislative documents and provides reports and studies on current issues for legislative research. Holdings include current and previous sets of Nevada compiled laws, bills introduced since 1911, Nevada territorial and state journals and session laws, and minutes of legislative hearings from 1969 to the present. There is a unique collection consisting of over 2,000 legislative history packets. A history packet includes all references and documents pertaining to a specific bill. The library collection also includes published reports of the Audit, Fiscal, and Research Divisions of the Legislative Counsel Bureau. Federal and state agencies, organizations, and associations provide brief informational reports, which the library collects in subject files. Collected materials are catalogued and entered into a library data base.

LEGISLATIVE MANUAL

Telephone callers and library visitors are assisted by a professional library staff. Assistance includes answering general reference questions, locating specific facts or materials, tracking state legislation, and compiling legislative histories of Nevada bills. Staff provide information by utilizing in-house print and electronic materials, specialists in government and private sectors, and Internet sources.

INTERNET SERVICES

Legislature's Website

The Nevada Legislature offers a website (<http://www.leg.state.nv.us>) which contains a variety of information regarding the operation of the Legislature. Through the website, the public can access bills, resolutions, minutes, and daily journals from the 1997 and 1999 Legislative Sessions. The minutes from the 1993 and 1995 Sessions are also available. Information regarding the 1997-1998 interim legislative committees is provided, which includes the members, agendas, and minutes for each committee.

Through the website, the public can contact their state Assemblyman or Senator by electronic mail or read the legislator's biography. The text of the *Nevada Revised Statutes*, the *Nevada Administrative Code*, the *Register of Regulations*, and recent Nevada Supreme Court Decisions can be browsed or searched. Additional documents that may be reviewed include the *Nevada Constitution*, court rules, city charters, and the 1861 and 1864 Acts of Congress which organized the Nevada Territory and enabled the people to form the state government.
