INFORMATIONAL STATEMENT

Notice for the hearing regarding the proposed change to NAC 624 was posted at the Washoe County Court House; Washoe County Library; Reno City Hall; Las Vegas City Hall; Sawyer State Building; Clark County Library and Offices of the State Contractors' Board in Reno and Las Vegas as well as the Contractors' Board website. In addition, copies of the proposed regulation were mailed to each of the Counties Librarians in the State and the State Librarian.

The Hearing was held in Reno on October 30, 2000 and adopted by the Board.

No written comments were received. No one from the general public attended the hearing.

The adopted change to NAC 624 would have a minimal economic effect on the construction industry. The majority of fees charged for licensing related services would be increased somewhat. There would be no additional cost to the agency to enforce the regulation.

The increase in income will help balance the additional cost incurred by the Board to implement new programs mandated by legislation.

The amendment does not overlap or infringe upon existing NRS or NAC.
