

**PROPOSED REGULATION OF THE  
STATE BOARD OF PHARMACY**

**LCB File No. R160-99**

December 9, 1999

EXPLANATION – Matter in *italics* is new; matter in brackets ~~{omitted material}~~ is material to be omitted.

AUTHORITY: §1, NRS 639.070.

**Section 1.** NAC 639.520 is hereby amended to read as follows:

639.520 1. The prescription department of every pharmacy must be separated from the merchandising or public areas of the premises by a barrier extending not less than 5 feet above the floor level and of sufficient width to make dangerous drugs, controlled substances, narcotics, poisons or restricted devices inaccessible to unauthorized persons. The barrier must be constructed of solid material and contain at least one gate or door permitting access by the pharmacist. Each gate or door must be secured by a dead-bolt lock that can be opened from the outside only by a key. The gate or door may be secured by a combination lock during the hours of business.

2. The registered pharmacist on duty:

(a) Shall maintain possession of the key to the prescription department . ~~;~~ ~~and~~ *Any additional keys to the prescription department must be kept in a locked box which is:*

*(1) Operated with a key that is accessible to only licensed pharmacists within the pharmacy department; and*

*(2) Maintained in a secure place that is inaccessible to unauthorized persons.*

(b) Is responsible for securing the prescription department at all times when he is not personally present in the department except when he is in the immediate area and can observe and exercise control over the prescription department.

*(c) If the pharmacy is located within a store or business, shall ensure that all dangerous drugs, controlled substances, narcotics, poisons and restricted devices that are delivered onto the premises of the store or business are immediately placed and secured in the pharmacy department under the physical control of the pharmacist on duty.*

3. The secretary of the board may permit an alternative type of physical security if, in his opinion, the alternative type will be sufficient to make the drugs, controlled substances, narcotics, poisons and restricted devices inaccessible to any unauthorized person.

4. Except as otherwise provided by law or regulation, no person other than a registered pharmacist may enter the prescription department of a pharmacy unless he is on business directly concerning the operation, maintenance or repair of the prescription department and a pharmacist employed in the prescription department is physically present at the same time.

5. Except as otherwise provided in subsection 6 or 7, a pharmacy shall maintain on its premises an alarm system that is operational 24 hours a day and that is monitored by a central station for control which is approved by Underwriters Laboratories Inc.

6. A pharmacy that is located within a building in which at least one employee of the person who owns the building is present 24 hours a day may, in lieu of the alarm system required pursuant to subsection 5, maintain on the premises of the pharmacy an alarm system that is:

(a) Equipped with an audible alarm that is ~~operational~~ :

*(1) Operational* 24 hours a day; ~~and~~

*(2) Of sufficient decibels to alert more than one person in the building that an unauthorized entry has been made into the pharmacy; and*

*(3) Devised in such a manner as to provide notification to the managing pharmacist or his designee when such an authorized entry has been made; and*

(b) Not monitored by a central station for control.

7. The provisions of subsections 5 and 6 do not apply to a pharmacy that is staffed 24 hours a day.
