## INFORMATION STATEMENT

Notices for the hearings regarding the proposed change to NAC 624 were posted on March 10, 1999 at three prominent locations in Las Vegas and Reno. Additionally, notice was posted in all libraries in the State of Nevada and in both offices of the State Contractors Board

Hearings were held in Reno on April 14, 1999, and in Las Vegas on April 28, 1999. Written or oral comments were requested, but not received by either location prior to or at the hearings. At the meetings in Reno and Las Vegas, there was no one from the public in attendance, only the staff members.

The adopted change to NAC 624 would have a minimal economic effect on the construction industry. The majority of fees charged for licensing related services would be increased somewhat. There would be no additional cost to the agency for enforcement of this regulation.

This increase in income will help balance the additional cost incurred by the Board for office maintenance and office equipment and supplies.

This amendment in no way overlaps nor infringes upon the existing NAC nor NRS.
